SEC. 12. Nothing in this act affects the provisions of any statute in relation to levee districts now in force; but whenever any levee district formed under such statute desires to reorganize under this act, or whenever any such statute is repealed, or becomes null and void, in either event a levee district may bring itself within the provisions of this act by its trustees notifying, in writing, the board of supervisors that they have elected so to do. In all such cases the original district officers shall continue in office until the new organization is perfected. When so perfected, the trustees thereof shall be deemed the successors and legal representatives of the district so reorganized and consolidated; provided, that when a levee district is without trustees, the same may be placed under and within the provisions of this act by said board of supervisors, whenever there shall be presented to them a petition signed by persons holding a majority of the acres in said district asking to be so placed; provided, also, that any such reorganization shall in no manner impair any obligation heretofore legally incurred by such reorganized levee district.

Districts endangered by overflow.

SEC. 13. Should any protection district formed or organized under this act be endangered by overflow from any lands lying contiguous thereto, not embraced in any other district, the trustees of the district so endangered may petition the board of supervisors of the county in which the endangered district is situated, stating the cause of danger, and asking that such changes be made in the exterior boundaries of such endangered district as will enable it to protect itself from the actual or threatened injury. Notice of such petition shall be given as required in this act for the formation of districts, and upon a showing satisfactory to said board of supervisors they shall make such order in the premises as may seem to them just and proper. Should said board grant such a petition, in whole or in part, they shall make such changes as they may deem necessary; and if in doing so they make an addition of territory to the endangered district, the added territory shall become an integral part of said district, and the board shall appoint three commissioners to fix a basis of assessment, as provided in section five of this act. When the levees of a protection district formed under this or other acts are insufficient to protect such district from overflow, and thereby endanger the land embraced in a contiguous district, the trustees of the endangered district may present a petition to the board of supervisors setting forth the fact, and showing in what manner such insufficient levees or works endanger the district represented by the petitioners, and asking that the trustees of the former district be required to perfect its levees

so as to abate the threatened danger. Upon the filing of such petition with the clerk of the board said clerk shall notify, in writing, the trustees of the district complained of; the notice must set out the substance of the petition, and the relief asked for, and must require said trustee to show cause, on the day therein named, which shall not be less than thirty days from the date of the service to said board, why the petition should not be granted. If there be no trustees, then such notice shall be published not less than thirty days before the day of hearing the same, in the manner herein provided for the publication of notice for the formation of a district. If at the hearing of said petition the matter and things therein contained shall be proved to the satisfaction of the board, and they shall also be satisfied that the petitioners are entitled to the relief prayed for, they shall, if there are trustees of a district complained of, require them, by an order entered on the minutes of the board of supervisors, to perfect the levees of their district as aforesaid. A copy of such order shall be served on at least two of said trustees, and if such trustees shall fail to obey such order for the space of six months from the day they have notice thereof, said board are hereby empowered to execute said order by proceeding to perfect said levees, and for that purpose shall have all the powers which are conferred by this act upon the boards of trustees of protection districts. If there be no trustees of the district complained of, the board of supervisors are hereby made ex officio trustees thereof, with all the powers possessed by virtue of this act by the district trustees of each protection district, and shall retain such power until trustees are elected for such district in the manner in this act provided.

Appointment of new commissioners.

SEC. 15. The supervisors of any county in which the greater portion of any protection district, organized under this act, is situated shall, upon the presentation of a petition to them, signed by the owners of a majority of the acres in such district, asking for the appointment of a new commission to review and change the basis of assessment in such district, appoint such new commission, which shall be governed by section five of this act.

Compensation of trustees.

SEC. 16. The trustees of any district organized by authority of this act shall be entitled to receive each, for their services while actually employed in the business of the district, a sum not exceeding three dollars per day, to be paid out of the funds of their particular district.

SEC. 17. This act shall take effect immediately.

An Act to provide a system of irrigation, promote rapid drainage, and improve the navigation of the Sacramento and San Joaquin rivers.

[Approved March 29, 1878; 1877-8, 634.]

State engineer, office created.

SECTION 1. The office of state engineer is hereby created, which shall, before the first day of May, eighteen hundred and seventy-eight (1878), be filled by appointment by the governor of the state, for a term of two years.

Compensation.

SEC. 2. The compensation of the state engineer shall be six thousand dollars per year.

Duty of engineer.

SEC. 3. The duty of the state engineer shall be, under the direction of the governor, to investigate the problems of irrigation of the plains, the condition

and capacity of the great drainage lines of the state, and the improvement of the navigation of rivers.

What to be ascertained by state engineer.

SEC. 4. In order to carry out the purpose specified in section three, it shall be required of the state engineer to ascertain as nearly as possible the following-named facts, and to express opinions as is hereby required:

1. To ascertain the present water-carrying capacity of the Sacramento and San Joaquin rivers in the different sections which are liable to overflow.

2. Whether the carrying capacity can be increased, and if so, by what means and at what cost.

3. The maximum quantity of water which may reasonably be expected to present itself, on any day, at the head of any of the sections of the rivers as before mentioned.

4. Whether it is possible to make the rivers carry the maximum quantity thus ascertained, and if not, to suggest such other measures as may be judicious for the relief of the rivers and the protection of adjoining lands, and to give detailed estimates of the cost of the suggested works.

5. To ascertain whether there has been any change in the height of beds of the navigable rivers of the state, and if so, to determine as nearly as may be the extent of this change, and the cause or causes to which it is due, and whether change is now taking place in the height of the beds of the rivers, and if so, what legislation, if any, will be effectual in preventing the rise of the beds, or in diminishing the rate of rise.

6. To ascertain the effect of any change in the bottom of the rivers, or the carrying capacity, and the height of floods in the rivers.

7. To ascertain the position and acreage of all lands in the valleys of the state, which are now or may be in the future in need of irrigation; to divide these lands into their natural districts; to ascertain the water source or sources from which each district may be most conveniently irrigated; to ascertain the quantity of water which these sources can supply in different years for irrigation; the length of time in each year during which these sources will supply sufficient water for irrigation; make studies of the best means for irrigating each district, and give his opinion and advice to such parties as may be engaged in irrigating a district, or who may be about to undertake the irrigation of a district, and for this advice no compensation shall be received from the parties to whom the advice is given.

8. The state engineer shall also inquire into the relation which hydraulic mining bears to the navigation of the rivers, and to their carrying capacity; to inquire into the question of the flow of débris from the mines into the water-courses of the state; to ascertain the amount and value of agricultural lands and improvements which have been covered up or injured by the overflow or deposit of débris coming from the hydraulic and other mines in the Sacramento valley, and to devise a plan whereby the injuries caused thereby can be averted without interfering with the working of such mines.

9. In addition to making these inquiries, the state engineer shall make such other investigations as may appear to him to be necessary, and approved by the governor, for the proper and complete solution of the problem stated in section three.

10. Inasmuch as these inquiries involve a broad and scientific treatment of the physical facts of the water system of the state, and as their study may

properly be divided, the governor is authorized to employ, for the purpose of advising and assisting the state engineer, two consulting engineers acquainted with hydraulic engineering, and of good standing in their profession, who shall receive not exceeding three thousand dollars a year each, and who shall join with the state engineer in making his final report.

11. In addition to the compensation herein stated, the engineers shall be entitled to their actual reasonable expenses of travel while engaged on the duties prescribed by this act.

12. The state engineer shall make monthly reports, at the close of each calendar month, of the operations of his office in the preceding month, and shall therein mention the operations contemplated in the next ensuing month. On the first of October of each year he shall make to the governor an annual report of operations during the past year.

13. The governor is authorized to appoint a secretary, who shall keep the records of the office of the state engineer, and who shall, under the direction of the engineer, and subject to such regulations as the controller of state shall establish, make the disbursements required by this act. The secretary shall be required to give bonds for the faithful disbursements of the money, in the sum of ten thousand dollars, and shall receive a compensation of twenty-four hundred dollars per annum.

14. The state engineer may employ such assistants in the execution of his duties as may from time to time be required, the number of persons and the rates of compensation being approved by the governor.

15. The office of state engineer shall be in the state capitol building.

16. For the purposes of this act, the sum of one hundred thousand dollars, or so much of it as may be necessary to cover the expenses of the operations of two years, beginning May first, eighteen hundred and seventy-eight (1878), is hereby appropriated.

17. On January first, eighteen hundred and eighty (1880), the state engineer shall report to the legislature a full statement and history of his operations up to that date, the condition of the inquiry, the important facts that have been ascertained, either accurately or approximately, and the deductions or recommendations which have been justified by the inquiry in regard to the principles which ought to govern in the irrigation of lands, and in relief of the rivers when in flood, with such practical recommendations as he may see fit.

Sec. 5. This act shall be in force from and after its passage.

An Act to promote drainage.

[Approved April 23, 1880; 1880, 123 (Ban. ed. 389).]

Board of drainage commissioners.

SECTION 1. The governor, surveyor-general, and state engineer shall be ex officio members of and constitute a board of drainage commissioners to divide the state into several drainage districts, and organize the same as hereinafter provided. The governor shall be president of the board, and the office of the board shall be in the state engineer's office at the state capitol. The secretary to the state engineer shall be secretary of the board.

Report of state engineer.

Sec. 2. Within thirty days after the passage of this act, or as soon thereafter as may be practicable, the state engineer shall submit to said board a report or reports containing the result of his investigations as to drainage, having in view the control of débris from mining and other operations, the improvement

and rectification of river channels, the erection of embankments or dikes necessary for the protection of lands, towns, or cities from inundation. He shall also make special examinations with reference to the division of the state into several drainage districts, each of which shall include a territory drained by one natural system of drainage, and shall report to the board of drainage commissioners the result of his examinations, and shall from time to time propose boundaries for such districts and recommend their formation.

Board to consider the report.

SEC. 3. After the state engineer has reported the boundaries and recommended the formation of one or more drainage districts, the board shall proceed to consider the same, and may adopt, amend, or reject said report; but if adopted by them, either in the original form or amended, they shall, by resolution entered upon the record of their proceedings, declare the said territory to be, and the same shall thereupon become, a drainage district, and shall be known as drainage district number one, two, or three, etc., as the case may be, numbering the districts in the order in which they are formed; and they shall record, in a book to be kept for that purpose, the boundaries, which shall be clearly defined, with map accompanying of each separate district, its number, and date of its formation, and shall file for record with the recorder of each county embraced, or in part embraced, in the district, a copy of the same, which shall be deemed sufficient notice of the formation of said district to all county officers, and to all parties concerned, that the said district has been formed.

Board of directors—Term—Bond—Report.

SEC. 4. Within ten days after the organization of any drainage district the governor shall appoint three persons, residents of the district, who shall constitute a board of directors for the district so formed. They shall hold office for four years [unless sooner removed for cause by the governor], and until their successors are appointed and qualified. They shall organize by electing one of their number president, and shall take the usual oath of office; and shall each give a bond in the sum of twenty-five thousand dollars for the faithful performance of his duties, to be approved by some superior judge of the district, and filed with the board of drainage commissioners. They shall, on or before the first day of January of each year, report to the governor all their proceedings, showing the amount of work done and amount of money they have expended. The governor shall transmit the same to the legislature.

Secretary—Assistant engineer.

SEC. 5. The board of directors shall appoint a secretary, and have an office in the district. The secretary shall receive a salary to be fixed by the directors, not exceeding one hundred dollars per month, payable out of the construction fund of the district; and his term of office shall be at the pleasure of the board of directors of such district. (They shall also appoint an assistant engineer, who shall be styled resident engineer, and whose duties are hereinafter stated.)

Vacancies—Salary.

SEC. 6. The governor shall fill all vacancies that may occur in the board of directors, and each director shall receive a salary of one hundred dollars per month, payable monthly out of the construction fund of the district.

Specifications, plans, etc.

SEC. 7. After the formation of any territory into a drainage district, the state engineer, as soon as practicable after proper surveys have been made, shall

submit to the board of directors of the district plans, specifications, and estimates of the cost of the works necessary in said district, in order to secure a proper system of drainage therefor. The report shall be accompanied by the concurring or dissenting opinion of the consulting engineer.

Board of directors may adopt, etc.

SEC. 8. After the report of the state engineer, as aforesaid, giving plans, specifications, and estimates of the cost of the works, or any modifications or changes thereof, are made to the board of directors of the district, the board shall adopt, amend, or reject the whole or any portion of such plans, or may refer them back to the state engineer for further report.

Bids.

SEC. 9. After the adoption of the plans and specifications of the work to be done in the district, the board of directors shall advertise for thirty days, in three newspapers of general circulation published therein, for bids for the construction of all or any portion of the works embraced in said plans; the said notice shall state that the plans and specifications of said works are on file in the office of the board of directors of the district, and can there be examined by any person who may so desire; and shall also state that it will be unlawful for any contractor to employ any Chinese or Mongolians in the construction of such works, and state generally the terms and time in which the work shall be constructed, and that the right to reject any and all bids is reserved by said board; and no material used in the construction of such works shall be purchased from any contractor or manufacturer who either directly or indirectly employs any Chinese or Mongolian labor.

Contracts.

SEC. 10. All contracts shall be awarded to the lowest responsible bidder (if his bid is not deemed by the board too high), and the contractor shall give a good and sufficient bond in not less than twenty-five per cent of the estimated cost of the work contracted for; the bond, both as to its amount and the sureties thereon, shall be subject to the approval of the board of directors of the district, and when so approved shall be filed in the office of said board. Any members of the board of drainage commissioners, or the state engineer, or consulting or resident engineer, or any superintendent of said works, or any employee of the board of drainage commissioners, any member of the board of directors of any drainage district, or any employee thereof, or of the state engineer's department, who shall be interested in any contract for the construction of any such works in any drainage district, shall be guilty of a felony. If, however, any emergency shall arise rendering it necessary, in the judgment of said board of directors, concurred in by the state board of drainage commissioners, for the protection of works already completed, that immediate repairs or work should be done, the said directors shall have the power to do such work or repairs in the manner which to them seems most advisable.

Condemnation.

SEC. 11. The board of directors of the district may condemn the right of way for any work necessary for the purpose of the drainage of the district; may purchase or condemn material necessary for the work; may join, connect with, enlarge, or strengthen any works already constructed, and may condemn such lands as may be by them deemed necessary for reservoirs for storing débris from the mines, whether the same be within or without the boundaries of the district, and may provide for connecting the system of drainage of one district

with that of another, or for several districts; and it is hereby declared that the use of the property, such as right of way and lands which may be condemned, taken, or appropriated under the provisions of this act, is a public use, and that such appropriation is for the public benefit (provided, that they shall not have the right or power to purchase or condemn any levee or levees).

Same.

SEC. 12. Whenever the board of directors of any district cannot procure from the owner or owners thereof, without purchase, the right of way or material needed for the construction of levees or reservoirs (for the storage of débris), or procure the consent to join or connect with any existing works, or procure lands necessary for the construction and the completion of the system or plan adopted, the said board of directors may, in the name of the district, proceed to condemn the same under the provisions of Title VII., Part III., of the Code of Civil Procedure, and amendments thereto, which are now existing or may hereafter be made; provided, that cities and towns having levees shall have and retain the exclusive management and control thereof, subject to the right of the district to connect therewith as herein provided.

State engineer to have charge—Resident engineer.

SEC. 13. All works carried on under the provisions of this act shall be executed under the direction of the state engineer (who shall be appointed by the governor), and an assistant for each drainage district, who shall be styled resident engineer, and whose salary shall be fixed by the board of directors of the district, but shall not exceed two hundred dollars per month for each month of actual service. All work shall be done under the immediate supervision of the resident engineer and board of directors of the district, and no work shall be paid for until accepted by such resident engineer and board of directors, and approved by the state engineer.

Construction fund.

SEC. 14. The costs of the works contemplated in this act, embracing all contracts, purchases, or condemnations of property authorized under it, and all proper salaries and incidental expenses, shall be paid out of the "construction fund" of the drainage district for which such works may be constructed. Proper vouchers, in duplicate, for all such expenditures, shall be certified to by the resident engineer of the district, approved by the state engineer, and submitted to the board of directors at their regular meetings, who shall thereupon audit and allow all just and proper claims, and certify the original voucher for the same to the state controller. The controller shall thereupon draw his warrant upon the state treasurer for the amount thus certified, payable out of the "construction fund" of the proper district, or out of the "state construction fund," as the case may be. The provisions of law requiring claims to be approved by the state board of examiners, before a warrant shall be drawn by the controller therefor, shall not be applicable to claims presented under the provisions of this act.

Funds, how provided.

SEC. 15. To provide funds to pay the construction of the systems of works contemplated by this act, and all expenses connected therewith, the assessors of the several counties embraced in whole or in part in any drainage district shall be ex officio assessors of the district for the portion of said district included in their respective counties; and each such assessor shall annually assess and make a duplicate assessment-book of all property in that portion of the

county of which he is assessor, embraced within such drainage district, and shall deliver the said duplicate assessment-book at the same time and in the same manner and to the same officer or board that he delivers the assessment-book made for the purposes of state and county taxation; and the assessment so made shall be equalized at the same time and by the same officers or boards as assessments made for state and county taxes are equalized. The said duplicate assessment-book shall be treated in all respects by the several state and county officers the same as the assessment-book made for state and county purposes. When the said assessment has been finally equalized by the proper authority, as hereinbefore provided, it shall be the duty of the auditor of the county, in whole or in part embraced in any drainage district, on or before the first day of October of each year, to forward by mail or express, to the board of directors of such district, at their office, a statement showing the total value of all property embraced in said duplicate assessment-book, after the same has been finally equalized, as before stated.

Tax levy.

SEC. 16. The board of directors of each drainage district must, on some day in the month of October of each year, levy a tax upon all the property in the district, of one twentieth of one per cent on the value of said property. Immediately after the levy of said tax, the board of directors levying the same shall at once notify the auditor of each county in which any portion of any drainage district is embraced of the tax and rate so levied; and each of said auditors shall compute and enter upon the duplicate assessment-book of each district the respective sums to be collected, in the same manner that he makes computation and entry upon the assessment-book for state and county tax purposes, and shall turn the same over to the tax collector at the same time and in the same manner that he does the assessment roll for state and county purposes. The tax collector shall collect such tax or taxes at the same time and in the same manner that they collect state and county taxes; and all laws for the enforcement and collection of state and county taxes now in force, or hereafter to be enacted, shall be applicable to the enforcement and collection of all taxes in this act provided for. The tax collector shall pay the same over to the county treasurer at the same time and in the same manner as state and county taxes are paid. The county treasurer shall pay the same over to the state treasurer at the same time and in the same manner as state taxes are paid, and the state treasurer shall place the same to the credit of a fund to be known as the "construction fund of drainage district number one," "two," "three," etc., as the case may be.

Same.

SEC. 17. In case any drainage district is organized after the time provided by law for making assessments for state and county purposes, then the board of directors of such district shall, if they deem it advisable so to do, notify the auditor or auditors of the county or counties embraced in whole or in part in such district; and thereupon each of said auditors shall make a copy from the assessment-book of that county for state and county taxation, as finally corrected and equalized by the proper authority, of all the property in that county embraced in said district, and shall immediately thereafter prepare, and forward by mail or express to said directors, a statement showing the total value of the property thus assessed and included in said district. The said directors must thereupon, and on some day before the first day of November of that year, levy

a tax upon all the property in the district, of one twentieth (1-20th) of one per cent of the value of said property; and immediately thereafter they must notify the auditor or auditors of the county or counties embraced in whole or in part in the district of the tax and rate so levied. The auditor of each county so notified shall thereupon compute, and enter upon said copy of the assessment-book, this tax, in the same manner that he does taxes for state and county purposes. The said copy shall then be turned over to the tax collector of the county, and the taxes embraced in the same shall be collected, and finally paid over to the state treasurer, in the same manner and at the same times as stated in the preceding section of this act.

Compensation of auditors and assessors.

SEC. 18. The auditors and assessors of the counties embraced in any drainage district shall be allowed a reasonable compensation for making the duplicate assessment-books, also the auditors for making a copy of the assessment-book; and these claims for such compensation shall be audited and allowed by the directors of such drainage district, and shall be paid in the same manner as other claims against the district.

Hydraulic mine owners to render statement to assessor.

SEC. 19. The owner or owners, or the managing agent, of every hydraulic mine, or any mine using water to wash the earth or ores for mining purposes, which mine may be embraced in whole or in part within any drainage district to be formed or organized under this act, and of all mines the waters from which carrying slickens, sand, or débris therefrom run into any such district, shall, on or before the first day of July, A. D. eighteen hundred and eighty, and every year thereafter, at the time required for rendering a statement to the assessor for the purpose of assessing for state and county taxes, render to the assessor of the county in which the mine is located a sworn statement showing the number of miners' inches of water (of twenty-four hours' run) used by the mine of which he is in whole or in part owner, or the managing agent, for the preceding year ending on the first day of March next preceding the rendition of such statement. The statement shall include also the name and description of the mine. Upon the receipt of such statement from the owner or managing agent of such mines, the assessor shall enter the same in a separate column in the duplicate assessment-book provided for in this act, so that it will show the number of miners' inches of water (of each twenty-four hours' run) used by each of such mines within the county for which he is assessor.

Assessment on hydraulic mines.

SEC. 20. The board of directors shall, at the same time in October of each year that they levy the tax hereinbefore provided for, levy an assessment upon all hydraulic mines, and upon all mines washing earth or ores with water running into the district, of one half of one cent for each miners' inch of water of each twenty-four hours' run, used during such year, and shall notify the auditor of each county embraced in whole or in part in the district, of the amount so levied, and he shall compute and enter upon the duplicate assessment-book the respective sums to be collected from the respective mines; and the tax collector shall collect said assessment at the same time and in the same manner that they collect state and county taxes; and the money so collected shall be paid over in the same manner and at the same time as herein provided for the collection of taxes, and the state treasurer shall place the same to the credit of the "construction fund" of the proper district.

State engineer to make map of unreclaimed swamp or overflowed land.

SEC. 21. Within a reasonable time after the organization of a drainage district, the state engineer shall make a map of all the unreclaimed swamp or overflowed land in the district rendered unfit for cultivation by reason of being swamp or overflowed and not reclaimed, and shall also prepare a list of such lands, describing them by legal subdivisions, and shall file both said map and said list in the office of the directors of the district. Within three months after the filing of this list the directors of the district shall give notice for thirty days in three newspapers of general circulation published in the district, that they will hear evidence, on a day to be named in said notice, for the purpose of correcting errors or omissions in said list. After hearing such testimony as may be offered, they shall correct said list in accordance with the facts.

Directors to prepare list of reclaimed lands.

SEC. 22. On or before the first day of March in each year the directors of any drainage district in which any of the lands described in the list provided for in the preceding section have been reclaimed, by reason of the construction of any of the works contemplated by this act, shall prepare a list or lists of all such lands so reclaimed situate in such district. The list shall contain a description by legal subdivisions, or other intelligent description, of each tract so reclaimed; the name of the owner of each tract; and if unknown, then that fact; the number of acres in each tract; and shall, on or before said date, deliver to the assessor of the county or counties in which any portion of said lands so reclaimed is situated a certified copy of said list so far as the same relates to the lands situated in such county. Whereupon such assessor shall enter the same upon the duplicate assessment-book provided for in this act.

Assessment.

SEC. 23. After any land has been reclaimed, and lists filed with the assessor, the board of directors shall assess the value of the reclamation to each tract of said land, not to exceed three dollars per acre, which shall be payable in six equal payments; provided, no one owner shall be liable for the payment due from any other owner. The directors shall, before the first day of October of each year, notify the auditors of the counties in which the land is situated the amount of assessment per acre that is to be collected on each tract of land, and the auditor shall compute the same and enter the amount in a separate column in the duplicate assessment-book prepared for the district, and the tax collector shall collect said assessment at the same time and in the same manner as he collects state and county taxes; and the money so collected shall be turned over to the county treasurer and paid by him to the state treasurer, the same as other moneys collected under the provisions of this act. The state treasurer shall place the same to the credit of the "construction fund" of the district to which it belongs.

State tax.

SEC. 24. There shall be levied in the year eighteen hundred and eighty, and each year thereafter, by the same officers, at the same time and in the same manner that other state taxes are levied, a tax of one twentieth of one per cent on all the taxable property in the state in addition to other state taxes. Said tax must be collected by the same officers at the same time, and paid over at the same time, that other state taxes are collected and paid over. The state treasurer shall place all moneys received by him on account of such tax to the credit of a fund, to be known as the "state drainage construction fund."

The state drainage construction fund must be used and drawn upon in the same manner and for the same purposes as the "construction fund" of a drainage district; provided, that all moneys raised under the provisions of this act shall be used exclusively for the construction of dams for impounding the débris from the mines hereinbefore specified, and for the improvement and ratification of river channels in which said débris flows within the drainage districts to be formed under the provisions of this act, at such points thereof as shall be designated by the state engineer, or deemed necessary by the board of directors of such drainage district.

Duty of state treasurer.

SEC. 25. The state treasurer is hereby authorized and required to pay all warrants drawn by the state controller upon the "construction fund" of any drainage district, or upon the "state drainage construction fund," out of such fund; provided, that if there be no money in the "state drainage construction fund" to meet the payment of any warrant on that fund, the state treasurer shall pay such warrants out of any other money in the state treasury not otherwise appropriated, but not exceeding in the aggregate the amount, or the balance of the amount, to be paid into the "state drainage construction fund," under this act, for the current year, upon an estimate based upon the assessed value of all the taxable property in the state for the preceding year; and provided further, that no indebtedness shall be created against either of said funds for any one year in excess of the amount provided to be raised by the tax levy for said year for said funds; said levy to be estimated upon the assessment roll for the previous year; and when the state tax in this act provided for is collected and paid into the treasury, the money so paid shall be repaid from the "state drainage construction fund."

Responsibility of officers.

SEC. 26. All officers acting under the provisions of this act, and their bondsmen, are hereby made responsible for the collection, safe-keeping, and proper accounting of the taxes and funds intrusted to them, in the manner herein provided, in accordance with the laws regulating their duties and responsibilities in connection with state and county funds.

Construction of act.

SEC. 27. Nothing in this act shall be construed in such a manner as to invalidate the indebtedness of any reclamation or levee district, or any assessment levied therein, or to affect in any manner whatever the laws in force in relation to reclamation and levee districts; nor shall any levees be condemned or purchased under the provisions of this act.

Chinese not to be employed.

SEC. 28. No Chinese or Mongolians shall be employed in any capacity whatever on any work to be done in pursuance of the provisions of this act.

SEC. 29. This act shall take effect and be in force from and after its passage.

An Act to appropriate money to pay the indebtedness incurred under an act entitled "An act to promote drainage," approved April 23, 1880.

[Approved March 10, 1885; 1885, 78.]

SECTION 1. The state treasurer is hereby authorized and required to pay all warrants outstanding and unpaid, in their order as drawn by the state controller, in accordance with "An act to promote drainage," approved April twenty-third, eighteen hundred and eighty, upon the construction fund of drainage

district number one, and all warrants drawn upon the state drainage construction fund, out of each fund respectively; provided, that if there is not money enough in said funds to pay all said warrants, then he shall pay the remainder of said warrants unpaid out of any money in the general fund not otherwise appropriated.

Sec. 2. The state controller is hereby authorized and required to draw his warrants for all claims against drainage district number one that have been heretofore audited and allowed by the state board of drainage directors; also, all claims against the state drainage construction fund that have been heretofore audited and allowed by the said state board of drainage directors; and the state treasurer is hereby authorized and required to pay the same out of any money in each fund respectively; provided, if there is not money enough in said fund to pay all of said warrants, then the state treasurer shall pay the remainder of said warrants unpaid out of any money in the general fund not otherwise appropriated.

Sec. 3. All persons having claims "unaudited by the state board of drainage directors," for work done or materials furnished under the provisions of "An act to promote drainage," approved April twenty-third, eighteen hundred and eighty, are authorized to present their claims to the state board of examiners. All claims so presented shall be itemized and verified by the claimant, his heirs or assigns. The state board of examiners shall audit and allow said claims, either in whole or in part, or reject the whole, as they may deem just and proper, and certify the amount so allowed to the state controller, who shall draw his warrant in favor of each claimant for the said amounts upon the state treasury. The state treasurer is authorized and required to pay the same out of any money in the general fund not otherwise appropriated; provided, that unaudited claims of ten thousand dollars only shall be allowed by the provisions of this section.

An Act to promote drainage.

[Approved March 18, 1885; 1885, 204.]

Petition to adopt measures to drain lands.

SECTION 1. Whenever the owners of two thirds of any body of lands susceptible of one mode of drainage desire to drain the same, they may present to the board of supervisors of the county in which the lands, or the greater portion thereof, are situated, at a regular meeting of the board, a petition setting forth that they desire to adopt measures to drain the same, the description of the land, the number of acres in the whole district, and the number of acres in each tract, and the names of the owners thereof, and the names of three persons who may desire to serve as trustees for the first three months; the petition must be verified by the affidavit of one of the petitioners, and must be published for four weeks next preceding the hearing thereof, in some newspaper published in the county in which the lands are situated; or if there is no newspaper pub-

lished in the county, then it must be published in some newspaper having a general circulation in the county, and an affidavit of such publication must be filed with the petition.

District lying in different counties.

SEC. 2. When a district is situated partly in different counties, the trustees must, after the petition has been granted, forward a copy thereof to the clerk of the board of supervisors of any county in which any portion of the district may lie, and the board to which the same is forwarded must not allow another district to be formed within such district, unless with the consent of the trustees thereof.

Formation of district.

SEC. 3. If the board of supervisors find, upon the hearing of such petition, that the statements are correct, and that no land is improperly included in or excepted from the district, they must note their approval on the petition, which approval must be signed by the president and attested by the clerk, and from and after the approval the district is duly formed, and the persons named in the petition are the trustees for the first three months, and until their successors are appointed.

Recording petition.

SEC. 4. The petition must then be recorded by the county recorder.

By-laws.

SEC. 5. After the approval of the petition the petitioners may make such by-laws as they deem necessary for future appointment of trustees, and to effect the work of drainage, keep the same in repair and operation, and for the control and management thereof, by the votes or consent of the owners of a majority of the land in the district.

Signing and recording by-laws.

SEC. 6. The by-laws adopted must be signed by persons owning a majority of land in the district, and must be recorded by the county recorder.

Power of board.

SEC. 7. The board thus formed shall have power to elect one of their number president thereof, and to employ engineers to survey, plan, locate, and estimate the cost of the works necessary for drainage, and the land needed for right of way, including drains, canals, sluices, water-gates, embankments, and material for construction, and to construct, maintain, and keep in repair all works necessary to the object in view.

Plans and estimates.

SEC. 8. The board of trustees must report to the board of supervisors of the county, or if the district is situated in more than one county then to the board of supervisors of each county in which the district is situated, the plans of the work and estimates of the costs, together with the estimates of the incidental expenses of superintendence, repairs, etc.

Assessing expense.

SEC. 9. The board by which the district was formed must appoint three commissioners, disinterested persons residing in the county in which the district, or some part thereof, is situated, and such commissioners must view and assess upon the lands situated in the district a charge proportionate to the whole expense, and to the benefit which will result from such work, which charge must be collected and paid into the county treasury as hereinafter pro-

vided, and must be placed by the treasurer to the credit of the district, and paid out for the work of drainage upon the warrants of the trustees appointed by the board of supervisors of the county.

Warrants on the treasurer.

Sec. 10. The warrants drawn by the trustees must, after they are approved by the board of supervisors, be presented to the treasurer of the county, and if they are not paid on presentation, like indorsements must be made thereon, and they must be registered in like manner as county warrants.

Payments when district in different counties.

Sec. 11. If a district is situated partly in different counties the charges must be paid into the treasury of the county in which the particular tract may be situated.

Further assessment.

Sec. 12. If the original assessment is insufficient to provide for the complete drainage of the lands of the district, or if further assessments are from time to time required to provide for the protection, maintenance, and repairs of the works, the trustees must present to the board of supervisors by which the district was formed a statement of the work to be done and its estimated cost, and the board must make an order directing that the commissioners who made the original assessment, or other commissioners to be named in such order, to assess the amount of such estimated cost as a charge upon the lands in the district, which assessment must be made and collected in the same manner as the original assessment.

List of charges and of lands.

Sec. 13. The commissioners appointed by the board of supervisors must make a list of the charges assessed against each district of land, and the list must contain a description of each tract assessed, the number of acres in each tract, and the names of the owners in each tract, if known, and if unknown, the amount of charges assessed against each tract.

Filing list.

Sec. 14. The list so made must be filed with the county treasurer of the county, or if the district is partly situated in different counties, then the original list must be filed in the county first in order under alphabetical arrangement, and copies thereof, certified by the commissioners, must be filed with the treasurers of each of the other counties. From and after the filing of the list, or certified copies thereof, the charges assessed upon any tract of land in the county constitutes a lien thereon; and the list thus prepared must remain in the office of the treasurer for thirty days, or longer if ordered by the board of trustees; and during the time they so remain any person may pay the amount of the charges against any tract to the treasurer without costs; or if so ordered by the board of trustees, said payments may be by installments; and if at the end of thirty days, or of the longer period fixed by trustees, all of the charges, or all of any installments ordered by them, have not been paid, the treasurer must return the list to the district attorney, who must at once proceed by civil action to collect such charges.

Executing work.

Sec. 15. The work must be executed under the direction and in the manner prescribed by the board of trustees.

Account of expenditures.

SEC. 16. The board must keep accurate accounts of all expenditures, which accounts, and all contracts that may be made by them, are open to the inspection of the board of supervisors, and every person interested.

Purchases by trustees.

SEC. 17. The trustees may acquire, by purchase, all property necessary to carry out and maintain the system of drainage provided for.

Eminent domain.

SEC. 18. The trustees may acquire, by condemnation, the right of way for canals, drains, embankments, and other works necessary, and may take materials for the construction, maintenance, and repair thereof from lands outside of as well as in the limits of said district.

Same.

SEC. 19. The provisions of Title VII., Part III., of the Code of Civil Procedure are applicable to, and condemnation herein provided for must be made thereunder.

Drainage by owners.

SEC. 20. Whenever any district susceptible of one mode of drainage, entirely owned by parties who desire to drain the same, and to manage such drainage without the intervention of trustees, of the establishment of by-laws, they may file the petition provided for in sections one and two, and must state therein that they intend to undertake such drainage on their own responsibility. If the petition is granted, the owners of the land have all the rights, immunities, and privileges granted to boards of trustees, and in all proceedings the names of owners may be used instead of the names of trustees.

SEC. 21. This act shall take effect upon its passage.

Any person desiring, in his life-time, to promote the public welfare by founding, endowing, and having maintained, within this state, a university, college, school, seminary of learning, mechanical institute, museum, or gallery of art, or any or all thereof, may, to that end and for such purpose, by grant in writing, convey to a trustee, or to any number of trustees named in such grant, and to their successors, any property, real or personal, belonging to such person, and situated or being within this state; provided, that if any such per-

son be married, and the property be community property, then both husband and wife must join in such grant.

Sec. 3. The person making such grant may therein designate:

1. The nature, object, and purposes of the institution or institutions to be founded, endowed, and maintained;

2. The name by which it or they shall be known;

3. The powers and duties of the trustees, and the manner in which they shall account, and to whom, if accounting be required; but such powers and duties shall not be held to be exclusive of other powers and duties which may be necessary to enable such trustees to fully carry out the objects of such grant;

4. The mode and manner, and by whom, the successors to the trustee or trustees named in the grant are to be appointed;

5. Such rules and regulations for the management of the property conveyed as the grantor may elect to prescribe; but such rules shall, unless the grantor otherwise prescribe, be deemed advisory only, and shall not preclude such trustees from making such changes as new conditions may from time to time require;

6. The place or places where and the time when the buildings necessary and proper for the institution or institutions shall be erected, and the character and extent thereof. The person making such grant may therein provide for all other things necessary and proper to carry out the purposes thereof, and especially may such person provide for the trades and professions which shall be taught in such institutions, and the terms upon which deserving scholars of the public and private schools of the various counties of this state may be admitted to all the privileges of such institutions, as a reward for meritorious conduct and good scholarship; and also for maintaining free scholarships for children of persons who have rendered service to or who have died in the service of this state; and also for maintaining free scholarships for children of mechanics, tradesmen, and laborers, who have died without leaving means sufficient to give such children a practical education, fitting them for the useful trades or arts; and also the terms and conditions upon which students in the public and private schools, and other deserving persons, may, without cost to themselves, attend the lectures of any university established; and also the terms and conditions upon which the museums, and art galleries, and conservatories of music, connected with any such institution, shall be open to all deserving persons without charge, and without their becoming students of the institution.

Actions by trustees.

Sec. 4. The trustee or trustees named in such grant, and their successors, may, in the name of the institution or institutions, as designated in such grant, sue and defend, in relation to the trust property, and in relation to all matters affecting the institution or institutions endowed and established by such grant.

Grantor as trustee.

Sec. 5. The person making such grant, by a provision therein, may elect, in relation to the property conveyed, and in relation to the erection, maintenance, and management of such institution or institutions, to perform, during his life, all the duties and exercise all the powers which, by the terms of the grant, are enjoined upon and vested in the trustee or trustees therein named. If the person making such grant, and making the election aforesaid, be a married person, such person may further provide that if the wife of such person survive him,

then such wife, during her life, may, in relation to the property conveyed, and in relation to the erection, maintenance, and management of such institution or institutions, perform all the duties and exercise all the powers which, by the terms of the grant, are enjoined upon and vested in the trustee or trustees therein named; and in all such cases the powers and duties conferred and imposed by such grant upon the trustee or trustees therein named shall be exercised and performed by the person making such grant, or by his wife, during his or her life, as the case may be; provided, however, that upon the death of such person, or his surviving wife, as the case may be, such powers and duties shall devolve upon and shall be exercised by the trustees named in the grant, and their successors.

Amending grant.

SEC. 6. The person making such grant may therein reserve the right to alter, amend, or modify the terms and conditions thereof, and the trusts therein created, in respect to any of the matters mentioned or referred to in subdivisions one to six, inclusive, of section two hereof; and may also therein reserve the right, during the life of such person or persons, of absolute dominion over the personal property conveyed, and also over the rents, issues, and profits of the real property conveyed, without liability to account therefor in any manner whatever, and without any liability over against the estate of such person; and if any such person be married, such person may, in said grant, further provide that if his wife survive him, then such wife, during her life, may have the same absolute dominion over such personal property, and such rents, issues, and profits, without liability to account therefor in any manner whatever, and without liability over against the estate of either of the spouses.

Custody of minors.

SEC. 7. The person making such grant may therein provide that the trustees named in the grant, and their successors, may, in the name of the institution or institutions, become the custodian of the person of minors, and when any such provision is made in a grant, the trustees and their successors may take such custody and control in the manner and for the time and in accordance with the provisions of sections two hundred and sixty-four to two hundred and seventy-six, inclusive, of the Civil Code of the state of California.

Execution of grant.

SEC. 8. Any such grant may be executed, acknowledged, and recorded in the same manner as is now provided by law for the execution, acknowledgment, and recording of grants of real property.

Annulling grant.

SEC. 9. No suit, action, or proceeding shall be commenced or maintained by any person to set aside, annul, or affect said conveyance, or to affect the title to the property conveyed, or the right to the possession, or to the rents, issues, and profits thereof, unless the same be commenced within two years after the date of filing such grant for record; nor shall any defense be made to any suit, action, or proceedings commenced by the trustee or trustees named in said grant, or their successors, privies, or persons holding under them, which defense involves the legality of said grant, or affects the title to the property thereby conveyed, or the right to the possession, or the rents, issues, and profits thereof, unless such defense is made in a suit, action, or proceeding commenced within two years after such grant shall have been filed for record.

Exemption from execution.

SEC. 10. The property conveyed by such grant shall not, after a lapse of two years from the date of the filing for record of the grant, be subject to forced sale under execution, or judicial proceedings of any kind, against the grantor or his privies, unless the action under which the execution shall be issued, or the proceedings under which the sale shall be ordered, shall have been commenced within two years after such grant shall have been filed for record. Nor shall such property be subject to execution or forced sale under any judgment obtained in any proceedings instituted within said two years, if there be other property of the grantor subject to execution or forced sale sufficient to satisfy such judgment; provided, nothing in this section contained shall be construed to affect mechanics' or laborers' liens.

Bequest to state.

SEC. 11. Any person or persons making any such grant may, at any time thereafter, by last will or testament, devise and bequeath to the state of California all or any of the property, real and personal, mentioned in such grant, or in any supplemental grant, and such devise or bequest shall only take effect in case, from any cause whatever, the grant shall be annulled or set aside, or the trusts therein declared shall for any reason fail. Such devise and bequest is hereby permitted to be made by way of assurance that the wishes of the grantor or grantors shall be carried out, and in the faith that the state, in case it succeeds to the property, or any part thereof, will, to the extent and value of such property, carry out, in respect to the objects and purposes of any such grant, all the wishes and intentions of the grantor or grantors; provided, that no wish, direction, act, or condition expressed, made, or given by any grantor or grantors, under or by virtue of this act, as to religious instruction to be given in such school, college, seminary, mechanical institute, museum, or gallery of art, or in respect to the exercise of religious belief, on the part of any pupil or pupils of such school or institution of learning, shall be binding upon the state; nor shall the state enforce, or permit to be enforced or carried out, any such wish, direction, act, or condition.

SEC. 12. This act shall be in force from and after its passage.

[Approved March 26, 1880; 1880, 15 (Ban. ed. 50).]

To promote emigration from the state.

SECTION 1. It shall be unlawful for the owners, officers, agents, or employees of any steamship company, sailing vessel, or railroad company, or firm or corporation, that may be engaged in this state in the transportation of passengers to and from any foreign port, to withhold or refuse any person or persons the right to purchase a passage ticket or tickets to any foreign country for the reason that he or they have not presented a certificate, card, or other document whatsoever showing that such person has paid in full, or in part, any or all dues, debts, or demands, or otherwise, or any sum whatsoever, to any society, company, corporation, association, or individual, or firm; and any person or corporation who shall violate the provisions of this section, or in pursuance of any agreement, oral or written, refuse to sell a passage ticket to any person to any foreign country, shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than one hundred nor more than five hundred dollars; provided, that nothing in this section shall be construed in

any manner to apply to any passport or other document required by law to be presented, having the signature or seal of any foreign consul resident within this state.

Sec. 2. This act shall take effect on and after its passage.

ESTRAYS.

The laws in relation to estrays, as they existed at the time of the adoption of the codes, continue in force, except so far as repealed or affected by subsequent legislation: See Pol. Code, sec. 19. They are not only affected or modified by acts in relation to pounds, a list of which will follow, but also by the acts relating to fences, those relating to trespassing animals; and also more or less by those relating to hogs, those relating to sheep, and those relating to stallions. To ascertain the law in any county, these different subjects or the references to

special and local acts under the name of the county should be consulted in connection with the following estray laws.

General estray act.—The following is the general estray act; but as will be seen by reference to section 17 it does not apply to San Diego, Santa Barbara, San Bernardino, Los Angeles, Monterey, and San Luis Obispo counties. It has also been more or less superseded as to some other counties by other acts which follow it.

An Act concerning estray animals.

[Approved April 19, 1866, 186.]

Estrays to be taken up.

SECTION 1. Every citizen resident householder in any county in this state, on finding any estray horse, mare, mule, jack, or jennet, or any neat cattle, sheep, or goats, or any number of such animals, upon his farm or premises, who shall desire to take up the same, shall, at any time after the expiration of twenty days from the finding of the same, go before some justice of the peace in his township, or if there be no acting justice therein, then before some justice of a neighboring township, and make oath that he has made diligent inquiry throughout his neighborhood to ascertain the ownership of such estrays, and that he has also put up, ten days previously, a written notice in one or more of the most public places in his township, naming the place or places, setting forth all the information in his possession concerning the said animals, embracing a description of the marks and brands thereof, and that he has examined the county records of marks and brands, and that he found none of the marks or brands of such animal or animals upon record, and that he was about to post the same. He shall also, at the same time, make oath that the marks and brands of said animal have not been altered since they came to his farm or premises, and that the owner or owners are unknown to him. [*Amendment, approved March 28, 1859, 147.*]

The above amendment does not apply to the counties of Trinity, Tuolumne, and Sacramento (see section 9 of the act of March 28,

1859, given *post*), as to which counties the original section 1 still applies. It is as follows:

SECTION 1. thereof, and that he was about to post the same. He shall also, at the same time, make oath that the marks and brands of said animals have not been altered since they came to his farm or premises, and that the owner or owners are unknown to him.

[*Amendment, approved April 4, 1864; 1863-4, 386; took effect immediately.*]

When rights forfeited.

SEC. 7. If the owner of any lost or stray animal shall not appear and prove his property therein within the time specified in section one of this act, he shall forfeit his right thereto, and the property in such animal shall be vested in the taker-up upon his paying into the county treasury the one half appraised value thereof as fixed by the appraisers as aforesaid. [*Amendment, approved April 4, 1864; 1863-4, 386; took effect immediately.*]

SEC. 10. All acts and parts of acts in conflict with the provisions of this act, so far as they apply to counties therein named, are hereby repealed.

Marin county.—An act to prevent stock from running at large upon the roads and highways in the county of Marin, approved March 25, 1876; 1875-6, 482. This act, so far as it applies to the subject of the foregoing act of April 27, 1863, supersedes it, and is now the law in Marin county.

Napa county.—An act concerning estrays in the county of Napa, approved April 27, 1863, 590, which was in nearly the same words as the foregoing act, seems to have been superseded by an act concerning estrays in the

The last-named act was repealed by an act in relation to the protection of agriculture and trespassing of animals, approved March 27, 1874; 1873-4, 705. With the exception of the last-mentioned act, Napa county seems to have no estray law. There is, however, an act to prevent certain animals from running at large in Napa City, approved April 10, 1862, 210; amended April 17, 1863, 322, and March 16, 1872; 1871-2, 386.

They are local and special in character, and are referred to under the heads of the counties having them; but it is deemed proper to repeat the references in this place.

The home created.

SECTION 1. An institution is hereby created to be known as the "California Home for the Care and Training of Feeble-minded Children."

Control.

SEC. 2. Said institution shall be under the control of a board of five trustees, to be appointed by the governor, by and with the advice and consent of the senate, whose terms of office, and the terms of their successors, shall be four years, and until their successors severally are appointed and qualified; and these trustees and their successors, and any and all the officers and employees, may be women; provided, that the first board shall be appointed by the governor within ten days after the passage of this act; and of such appointments three shall be by him designated for two years, and the other two shall be for four years, and at the end of their respective terms their successors shall be appointed in the same manner for four years. FEES AND SALARIES OF COUNTY OFFICERS.

The Political Code, sec. 4331, continued in force all statutes relating to the compensation, salaries, or fees of county or township officers, except so far as inconsistent with that code.

Below will be found what is known as the general law regulating fees in the various counties (with certain express exceptions); but it must be observed that, in the case of almost every county, there have been so many alterations and modifications by subsequent legislation, and in many cases by statutes purporting to relate to other subjects, that it is unsafe to rely upon it without at the same time referring to the special and local laws noted under the

heads of the respective counties. The county-government act of 1883, moreover, has made important changes in the law respecting the fees and salaries of county officers, and the extent to which existing statutes on the subject are continued in force by this act, and the present state of the law must be sought by reference to sections 163 et seq. of that act, and to the repealing clause thereof. To aid the searcher, a list will be given, at the end of the general fee-bill, of the names of the different counties, and a reference to the special and local acts modifying it or applying to the subject of fees and salaries.

An Act to regulate fees of office and salaries of certain officers, and to repeal certain other acts in relation thereto.

[Approved March 5, 1870; 1869-70, 148.]

FENCES.

The laws in relation to lawful fences, as they existed at the time of the adoption of the codes, continue in force except so far as repealed or affected by subsequent legislation: See Pol. Code, sec. 19.

General fence law.—The following is the general fence law; but, as will be seen by reference to section 9, it did not apply to certain counties named. That left in force for such counties the previous act of March 30, 1850.

Subsequent legislation has made various changes; and the law now in force is the general act, except as to the counties of Amador, Butte, Colusa, Contra Costa, Klamath, Modoc, Placer, San Bernardino, San Diego, Santa Barbara, Shasta, Siakiyou, Tehama, Trinity, Tuolumne, and Yuba, which have special acts. There are also some modifying special and local acts noted further along. The general law is as follows:

An Act concerning lawful fences.

[Approved April 27, 1855, 154.]

Lawful fences.

SECTION 1. Lawful fences are described as follows, viz.:

Wire fence.

1. Wire fence shall be made of post, not less than twelve inches in circumference, set in the ground not less than eighteen inches, and not more than eight feet apart, with not less than three horizontal wires, each one fourth of an inch in diameter—the first one shall be eighteen inches from the ground, the other two above this one, at intervals of one foot between each, all well stretched and securely fastened from one post to another, with one rail, slat, pole, or plank, of suitable size and strength, securely fastened to the post not less than four and a half feet from the ground.

Post and rail fence.

2. Post and rail fence shall be made of posts of the same size and at the same distance apart, and the same depth in the ground as above, with three rails, slats, or planks, of suitable size and strength, the top one to be four feet and a half from the ground, the other two at equal distances between the first and the ground, all securely fastened to the post.

Picket fence.

3. Picket fence shall be the same height as above, made of pickets, each not less than six inches in circumference, not more than six inches apart, driven in the ground not less than ten inches, all well secured at the top by slats or caps.

Ditch and pole fence.

4. Ditch and pole fence shall be made of a ditch not less than four feet wide on top, and three feet deep, embankment thrown upon the inside of the ditch, with substantial posts set in the embankment not more than eight feet apart, and a plank, pole, rail, or slat securely fastened to said posts, at least five feet high from the bottom of the ditch.

Pole fence—Hedge fence.

5. Pole fence shall be four and a half feet high, with stakes not less than three inches in diameter, set in the ground not less than eighteen inches, and

where the stakes are placed seven feet apart, there shall be not less than six horizontal poles well secured to the stakes; if the stakes are six feet apart, five poles; if three or four feet, four poles; if two feet apart, three poles, and the stakes need not be less than two inches in diameter; if one foot apart, one pole, and stakes need not be more than two inches in diameter. The above is a lawful fence so long as the stakes and poles are securely fastened and in a fair state of preservation. Hedge fence shall be considered lawful when, by reliable evidence, it shall be proved equal in strength, and as well suited to the protection of inclosed lands, as any one of the fences described in other subdivisions of this section.

Brush fence.

6. Brush fence shall be four and a half feet high, and at least twelve inches wide, with stakes not less than two inches in diameter, set in the ground not less than eighteen inches, one on each side, every third foot tied together at the top, with one horizontal pole tied to the outside stake five feet from the ground.

Other fences as strong.

SEC. 2. Any fence which, by reliable evidence, shall be declared as strong, substantial, and as well suited to the protection of inclosures as either of the above described, shall be a lawful fence in all the counties of this state, except Sonoma, Napa, El Dorado, Yuba, and Marin. [*Amendment, approved May 13, 1861, 513.*]

Made applicable to Marin by act of April 9, 1858, 123.

Lawful fences in certain counties.

SEC. 3. In each of the counties named in the preceding section of this act, the following described shall be a lawful fence, viz.:

Post and rail.

1. Post and rail fence shall be made of posts not less than four by six inches, set in the ground not less than two feet, with rails not less than three inches thick, placed not more than five inches apart, for the first three feet, and after that not more than eight inches apart, the fence to be not less than five feet high.

Worm.

2. Worm fence shall be five feet high, with additional stakes and riders, no greater space to intervene between the rails than in a post and rail fence.

Post and slat.

3. Post and slat fence shall be of the same height and with the same space between the slats as above in this section; the post shall not be less than twelve inches in circumference, and not less than two feet in the ground, the slats to be not less than one and one half inches thick, all well fastened to the post with twelve-penny nails.

Paling.

4. Paling fence shall be of the same height, and the post of the same size, and set in the ground the same depth, as in a post and rail fence, with posts not more than ten feet apart.

Ditch.

5. Ditch fence shall be four feet wide at the top, and three feet deep, with post set in the embankment not over seven feet apart, with three slats not less than four inches wide and one and a half inches thick, all securely fastened to the post. Or—

Other lawful fences.

SEC. 4. Any fence which, by reliable evidence, shall be declared as strong, substantial, and as well calculated to protect inclosures as either of those described in the third section of this act, shall be a lawful fence in each of the counties named in the second section of this act.

Using another's fence for inclosure.

SEC. 5. When a fence has been erected by any person on the line of his land, and the person owning the land adjoining thereto shall make, or cause to be made, an inclosure on the opposite side of such fence, so that such fence may answer the purpose of inclosing his ground also, such person shall pay the owner of such fence already erected one half the value of so much thereof as serves as a partition fence between them; provided, if the party so inclosing shall neglect or refuse to pay for the one half of such fence, the land so inclosed shall become liable therefor, and the value of the one half of such fence shall become and remain a lien upon such land, and shall draw interest at the rate of fifteen per cent per annum until paid. Notice of such lien shall be filed in the office of the county recorder of the county, as provided by law for mechanics' liens. The value of the fence at the time such inclosure was made shall be the amount, with interest thereon, to which the builder of the fence shall be entitled. [*Amendment, approved April 3, 1860, 141.*]

Partition fence.

SEC. 6. When two or more persons own land adjoining, which is inclosed by one fence, and it becomes necessary for the protection of the rights and interests of one party that a partition fence should be made between them, the other or others, when notified of such fact, shall proceed to erect, or cause to be erected, one half of such partition fence; said fence to be erected on, or as near as practicable, the line of said land; and if, after six months' notice given, either party shall persist in refusing to erect, or cause to be erected, one half of such fence, the party giving the notice may proceed to erect, or cause to be erected, the entire partition fence, and collect by law one half of the cost of such fence from the other party, and he shall be entitled to the lien upon the land thus partitioned, as provided in the preceding section. [*Amendment, approved April 3, 1860, 141.*]

Fences on the line.

SEC. 7. All partition fences separating adjoining inclosures shall stand upon the line, and any person or persons, when erecting a partition fence, and refusing to place it on the line dividing such lands, or to remove it to such line when erected otherwise than thereon, shall subject himself to one half the cost of its removal and erection in the right place.

Repair of partition fences.

SEC. 8. The respective owners or lessees of lands which now are or hereafter may be inclosed with fences, shall keep up and maintain in good repair all partition fences between their own and the next adjoining inclosures, in equal shares, so long as both parties continue to occupy or improve the same.

Counties exempt.

SEC. 9. Nothing in this act shall be so construed as to apply to the counties of Butte, Amador, Tuolumne, San Diego, Nevada, San Bernardino, Colusa, Placer, Santa Barbara, Yuba, Trinity, Shasta, Klamath, and Siskiyou; and said counties are hereby excepted and excluded from the provisions of this act. [*Amendment, approved April 4, 1864; 1863-4, 465.*]

Made applicable to Nevada by act of April 1, 1864; 1863-4, 318.

SEC. 10. An act entitled "An act concerning lawful fences," etc., passed March thirtieth, eighteen hundred and fifty, is hereby repealed, except as far as the counties exempt from the provisions of this act are concerned.

An Act amendatory of and supplementary to an act entitled "An act concerning lawful fences."

[Approved April 3, 1860, 141.]

Sections 1 and 2 contain the amendments to sections 5 and 6 inserted in the foregoing act of April 27, 1855.

Parties to maintain partition fences.

SEC. 3. Except when otherwise agreed, partition fences dividing lands occupied on both sides shall be maintained throughout the year, each party keeping in repair the portion constructed by, adjudged to, or paid for by him. If either party fails so to do, the other may give him three days' notice that he will call upon three disinterested householders, at a specified hour on the day fixed, to examine such fence, and if they deem it insufficient, to assess the amount necessary to make it sufficient.

Failure to repair.

SEC. 4. If, within fifteen days thereafter, the party to whom notice has been given shall fail to repair such fence, the complainant may do so; and in that case he shall have cause of action against the other for the amount so assessed, with twenty-five per cent damages thereon.

SEC. 5. Upon such trial, the defendant may impeach the assessment, and in that case, the court or jury, as the case may be, shall determine the amount of damages.

Division Fences.

An Act to provide for constructing division fences.

[Approved March 9, 1876; 1875-6, 175.]

Erection of partition fences.

SECTION 1. When two or more persons own land adjoining, which is inclosed by one fence, in either the counties of Sacramento, Solano, Sutter, Yuba, Butte, Contra Costa, and in that portion of San Joaquin county lying and being north and east of the San Joaquin river, Amador, San Luis Obispo, Santa Barbara, Ventura, Tulare, El Dorado, Tuolumne, San Mateo, and Nevada, and it becomes necessary for the protection of the rights and interests of one party that a partition fence should be made between them, the other or others, when notified, shall proceed to erect, or cause to be erected, one half of such partition fence; said fence to be erected on, or as near as practicable, the line of said land. And if, after notice given in writing, or after determination of the viewers, as provided in section six hereof, either party shall fail to proceed to erect, or cause to be erected and completed, within six months' time thereafter, one half of such fence, the party giving the notice may proceed to erect, or cause to be erected, the entire partition fence, and collect by law one half of the costs of such fence from the other party, and he shall be entitled to a lien upon the land thus partitioned, as provided in section one of an act entitled "An act amendatory of and supplemental to an act entitled 'An act concerning lawful fences,' approved April third, eighteen hundred and sixty."

Lawful division fences.

SEC. 2. Lawful division fences are described as follows:

1. If made of stone, four feet high, three feet base, and one foot thick on the top.

2. If it be worm fence, the rails should be well laid, and at least five feet high.

3. If made of posts and boards, the posts must be set well in the ground, not less than eighteen inches, and not wider apart than eight feet. If intended to turn all stock, it shall be at least five six-inch boards or four eight-inch boards high or four boards high with a ditch embankment equal to one board or four six-inch boards high with a wire on top; the boards to be six inches wide and one inch thick, the top board or wire to be four and one half feet from the ground, the spaces well divided, and the boards securely nailed to the posts. If intended, as by mutual agreement in writing, a lawful fence to turn only neat cattle, horses, and mules, a three-board fence shall be deemed sufficient, the bottom board to be two feet from the ground.

4. If made of pickets, posts and rails, or posts and poles, and a ditch or ditches, the fence must be equally strong and secure as a fence made as described in the last subdivision.

5. If made of wire, posts and poles, ditch, pickets, hedge, brush, or any other materials, the fence, to be lawful, must be equal in strength and capacity to turn stock as the fence described in the third subdivision of this section. [*Amendment, approved March 30, 1878; 1877-8, 765; took effect from passage.*]

Dimensions of posts.

SEC. 3. All posts used in such fences shall be at least twelve inches in circumference, set at least eighteen inches in the ground, and must be replaced when and as often as the fence shall become decayed.

Duty of owners.

SEC. 4. Each coterminous land-owner shall construct and keep in repair a just proportion of the line fence between their respective tracts of land, unless the owner of one or both of said tracts shall choose to allow his land to lie uninclosed.

Liability of adjoining owners.

SEC. 5. When one of such adjoining proprietors shall have allowed his land to lie uninclosed, and afterwards shall inclose it, he shall owe and be indebted to such adjoining owner one half the value of any division fence owned by the other, used by him in forming such inclosure; and each shall thereafter keep one half of such fence in repair.

Disagreement, viewers to decide.

SEC. 6. If adjoining proprietors cannot agree as to the proportion or the particular part of a division fence to be made, maintained, or kept in repair by each respectively, either party may apply, on five day's notice, to a justice of the peace of the township, if there be one, if not, to the county judge, for the appointment of three viewers, who may examine witnesses on oath, and view the premises, and must determine:

1. If the fence is owned by one proprietor, how much the other shall pay as his proportion of the value;

2. If the fence, or the whole thereof, is not built, which part thereof shall afterwards be built and kept in repair by each. The determination of the viewers shall be reduced to writing and signed by them, and shall be filed in the office of the county clerk, and such determination shall be conclusive upon the parties. If any part of such determination shall consist in fixing the value of a fence, for which one party is to pay the other a proportion also fixed, such proportion shall be paid within thirty days after notice of such determination,

and if not so paid may be recovered by action in any court of competent jurisdiction. The viewers shall be entitled to a fee of three dollars each, one half to be paid by each proprietor.

Sec. 7. Nothing in this act shall be held to repeal or affect subdivision fourteen of section eight hundred and one of the Civil Code, nor sections eight hundred and forty and eight hundred and forty-one of said code, but this act shall be deemed cumulative.

Sec. 8. This act shall be in force from and after its passage.

The above act was repealed so far as it related to San Mateo county: Stats. 1877-8, 1019. See Stats. 1875-6, 173, for statute applicable to that county.

Fences in Amador, San Diego, Santa

Barbara, Trinity, Klamath, and Shastiyou counties.—The following is the law which was in general force previous to the act of April 27, 1855, and is still in force as to the counties named above.

A hedge fence shall be considered a lawful fence if five feet high and sufficiently close to turn stock.

Trespasses by animals on grounds inclosed by a lawful fence.

Sec. 2. If any horses, mules, jacks, jennies, hogs, sheep, goats, or any head of neat cattle, shall break into any grounds inclosed by a lawful fence, the owner or manager of such animals shall be liable to the owner of said inclosed premises for all damages sustained by such trespass; and if the trespass is repeated by neglect of the owner of such stock, he shall, for the second offense, be subject to double the damages sustained by the owners of said premises.

Penalty for injuring animals entering on lands not lawfully inclosed.

Sec. 3. If any owner or occupier of any grounds or crops injured by any animal or animals breaking into or entering on grounds not inclosed by a lawful fence shall kill, maim, or materially hurt or injure any animal doing such injury, he shall be liable to the owner for all damages, and also all costs that may accrue in a suit for such damages.

Fences in San Bernardino, Colusa, Shasta, Tehama, and Placer counties.—The following is the law in the above-named counties:

An Act concerning lawful fences in the counties of San Bernardino, Colusa, Shasta, Tehama, and Placer.

[Approved April 18, 1859, 279.]

Lawful fences.

SECTION 1. In the counties of San Bernardino, Colusa, Shasta, Tehama, and Placer, every inclosure shall be deemed a lawful fence which is four and one half feet high, if made of stone; and if it be made of rails, five and one half feet high; if the fence be a post and rail fence, or a picket fence, it shall be constructed of posts of reasonable size and strength, firmly set in the ground, not more than twelve feet apart—and not more than eight feet apart if it be a board fence; the nails, boards, or pickets to be of reasonable size and strength, securely fastened to the posts, to the height of four and a half feet, and reason-

ably close; if a picket fence, the pickets, also, to be strongly nailed to a rail above, and one below, or driven into the ground and nailed to a rail above, reasonably close; if a ditch fence, the ditch to be at least two and a half feet deep, and three feet wide at the top, the embankment to be either on the inside or outside the inclosure, with a rail, board, or picket fence on the embankment, to the height of three feet, or any other kind of fence equivalent in height, quantity and strength, to the above kind of fences, are hereby declared lawful fences in said counties.

Damages.

SEC. 2. If any horse, mule, jack, jenny, hog, sheep, goat, or any head of neat cattle, should break into any ground inclosed by a lawful fence, the owner or manager of such animal shall be liable to the owner of such inclosed premises for all damages sustained by such trespass; and if the trespass be repeated, by neglect of the owner or manager of such animals, he shall, for the second and every subsequent offense or trespass, be subject to double the damages of such trespass, to the owner of said premises; provided, also, that the owner of any premises, inclosed by a lawful fence, may take up, and safely keep, at the expense of the owner thereof, any such animal, or animals, trespassing thereon, and if such animal, or animals, shall not be applied for, by the owner thereof, and such damages be paid, within ten days after such taking up, the same may be posted and disposed of, under the estray law of the state; and, before restitution shall be had by the owner of such animal, or animals, in any case, all damages done by them, and all expenses of pasturing, keeping, and disposing of them, shall be paid.

Partition fences.

SEC. 3. When a fence shall have been erected by any person, on the line of his land, or that for which he may have a lease for one year, or more, and the person owning the land adjoining thereto, or holding a lease of the same for one or more years, shall make, or cause to be made, an inclosure on the opposite side of such fence, so that such fence may answer the purpose of inclosing his ground also, such person shall pay the owner of such fence, already erected, one half of the value of so much thereof as serves as a partition fence between them.

May collect cost.

SEC. 4. When two or more persons own land adjoining, which is inclosed by one fence, and it becomes necessary, for the protection of the right and interest of one party, that a partition fence should be made between them, the other, or others, when notified of the fact, shall proceed to erect, or cause to be erected, one half of such partition fence, such fence to be erected on (or as near as possible) the division line of such land; and if, after notice is given by either party, and a reasonable time has elapsed, and the other party persist in refusing to erect one half of such fence, the party giving such notice may proceed to erect the entire partition fence, and collect, by law, the proportional share of the cost of such fence, from the party, or parties, so refusing to build his or their respective portions thereof.

On the line.

SEC. 5. All partition fences, separating adjoining inclosures, shall stand upon the line, and any person, or persons, when erecting a partition fence, and refusing to place it on the line dividing such lands, or remove it to such line,

when erected otherwise than thereon, shall subject himself to one half the cost of the removal, and erection thereof in the right place.

In repair.

SEC. 6. The respective owners, or lessees, of lands which now are, or hereafter may be, inclosed with fences, and their successors in interest therein, shall keep up and maintain, in good repair and condition, all partition fences, between their own and the next adjoining inclosures, in equal shares.

Under one inclosure.

SEC. 7. When two or more persons shall agree to cultivate lands under one inclosure, neither of them shall place, or cause to be placed, any stock or animals on his, her, or their ground, to the injury or damage of the other, or others, but, for a violation of this provision, shall be liable for all damages thus sustained by the other, or others, and for a repetition of such violation, after due notice be given, and for every subsequent repetition, double damages shall be recovered; it shall not be necessary to prove an express agreement to cultivate under one inclosure, but the fact of such cultivation shall be sufficient evidence of such agreement.

Repealing clause.

SEC. 8. All acts or parts of acts, inconsistent with the provisions of this act, are hereby repealed, so far as they relate to the counties of San Bernardino, Colusa, Shasta, Tehama, and Placer.

The foregoing act was modified, so far as partition fences in Colusa and Tehama counties are concerned, by an act concerning partition fences in the counties of Colusa and Tehama, approved March 11, 1876; 1875-6, 207. [Approved March 14, 1881; 1881, 86.]

Board of horticultural commissioners.

SECTION 1. Whenever a petition is presented to the board of supervisors of any county, and signed by five or more persons who are resident freeholders and possessors of an orchard, or both, stating that certain or all orchards, or nurseries, or trees of any variety, are infected with scale bug, codling moth, or other insects that are destructive to trees, and praying that a commission be

appointed by them, whose duty it shall be to supervise their destruction, as hereinafter provided, the board of supervisors shall, within twenty days thereafter, select three commissioners for the county, to be known as a county board of horticultural commissioners. The board of supervisors may fill any vacancy that may occur in said commission by death, resignation, or otherwise, and appoint one commissioner each year, one month or thereabouts previous to the expiration of the term of office of any member of said commission. The said commissioners shall serve for a period of three years from the date of their appointment, except the commissioners first appointed, one of whom shall serve for one year, one of whom shall serve for two years, and one of whom shall serve for three years, from the date of appointment. The commissioners first appointed shall themselves decide, by lot or otherwise, who shall serve for one year, who two years, and who three years, and shall notify the board of supervisors of the result of their choice.

Duty of board.

If, within such specified time, such disinfection has not been accomplished, the said person or persons shall be required to make application of such treatment for the purpose of destroying them as said commissioners shall prescribe. Said notices may be served upon the person or persons owning or having charge or possession of such infested trees, or places, or articles as aforesaid, by any commissioner, or by any person deputed by the said commissioners for that purpose, or they may be served in the same manner as a summons in a civil action. If the owner or owners, or the person or persons, in charge or possession of any orchard, or nursery, or trees, or places, or articles, infested with said insects, or any of them, or their larvæ or eggs, after having been notified as above to make application of treatment as directed, shall fail, neglect, or refuse so to do, he or they shall be deemed guilty of maintaining a public nuisance, and any such orchards, nurseries, trees, or places, or articles thus infested shall be adjudged, and the same is hereby declared, a public nuisance, and may be proceeded against as such. If found guilty, the court shall direct the aforesaid county board of horticultural commissioners to abate the nuisance. The expenses thus incurred shall be a lien upon the real property of the defendant.

All owners or occupants of lands on which fruit-trees are grown, failing to comply with the provisions of this section, shall be guilty of a misdemeanor, and fined as provided for in section six of this act. All fruit, packages, trees, plants, cuttings, grafts, and scions that shall not be disinfected within twenty-four hours after notice by the inspector of fruit pests, or a duly appointed quarantine guardian, or any member of the board of horticulture, shall be liable to be proceeded against as a public nuisance.

Penalty.

SEC. 6. Any person or corporation violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punishable by a fine of not less than twenty-five dollars nor more than one hundred dollars for every offense.

FUNDS.

The Political Code, sec. 19, continued in force all acts for funding the state debt, or any part thereof, and for issuing state bonds and acts amending or supplementing such acts. It is proposed here to arrange and give or refer to these laws under the following three subheads: 1. State bonds; 2. State funding acts; 3. General and specific funds of state.

State bonds.—The laws authorizing civil loans and the issue of state bonds therefor, and the laws authorizing the issue of war bonds, were very carefully collated in Hittell's "General Laws," secs. 3178 et seq. It is deemed unnecessary to do more in this place than refer the inquirer to that work for information as to such bonds, most of which have been paid, funded, or otherwise disposed of. In addition to such bonds, there were other state bonds issued under the "Funding Acts," which constitute the subject of the next subhead. There have also been various state bonds issued under a number of the acts given or referred to under the names of the "Specific Funds of State," in the following third division.

State funding acts.—Previous to the act of April 28, 1857, which is still in force, and given below, the state funding acts were as follows:

An act to fund the debt, passed April 29, 1851, 301.

An act supplementary to the foregoing act, approved May 4, 1852, 17.

An act to fund the indebtedness of the state which has accrued or may accrue from April 29, 1851, to December 31, 1852, inclusive, and to provide for the payment of the three-per-cent bonds, approved May 1, 1852, 13.

An act supplementary to the foregoing act, approved May 17, 1853, 197.

An act in relation to the interest on the funded debt of 1852, approved April 26, 1853, 118.

An act to fund the indebtedness of the state, existing in the form of state controller's warrants, drawn upon the treasurer of state between June 30, 1853, and July 1, 1855, approved March 16, 1855, 48; amended March 31, 1855, 69.

An act to fund the indebtedness of the state now existing in the form of controller's warrants, drawn on the general fund, or that may be outstanding on January 1, 1857, or warrants issued for indebtedness occurring prior to January 1, 1857, approved April 19, 1856, 213.

All the above acts are collated and given in the "General Laws," secs. 3192 to 3253 inclusive. Under all those acts the time fixed for the payment of bonds has expired. Under the next act, which also provided for the refunding of such bonds, the time fixed for the payment of bonds is July 1, 1867.

An Act to provide for paying certain equitable claims against the state of California, and to contract a funded debt for that purpose.

[Approved April 28, 1857, 300.]

Treasurer to prepare bonds.

SECTION 1. For the purpose of liquidating, funding, and paying the claims against the state of California, hereinafter specified, the treasurer of state shall cause to be prepared suitable bonds of the state of California, not to exceed the sum of three millions nine hundred thousand dollars, bearing interest at the rate of seven per cent per annum from the date of their issue, payable at the state treasurer's office on the first day of July, eighteen hundred and seventy-seven. The interest accruing on said bonds shall be due and payable at the

office of the treasurer of state on the first day of January and July of each year; provided, that the first payment of interest shall be made before the first day of January, eighteen hundred and fifty-nine. Said bonds shall be signed by the governor and countersigned by the controller, and indorsed by the treasurer of state, and shall have the seal of the state affixed thereto.

Coupons.

SEC. 2. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond. Said coupons, consecutively numbered, shall be signed by the treasurer of state.

Records of bonds.

SEC. 3. It shall be the duty of the treasurer and controller of state, each to keep a separate record of all such bonds as may be issued, showing the number, date, and amount of each bond, and to whom the same was issued, and upon what claim, and its amount; and none of the claims herein specified shall be liquidated or paid but in the manner herein provided.

Expense of preparing bonds.

SEC. 4. The sum of one thousand dollars is hereby appropriated out of any money in the treasury not otherwise appropriated to pay the expenses that may be incurred by the treasurer in having said bonds prepared, but the controller shall not draw his warrant on the treasury for this amount until there is money therein to pay the same.

Claims exchanged for bonds.

SEC. 5. All persons having any of the claims against the state of California, entitled to be funded as hereinafter specified, shall, upon the presentation of the same to the treasurer of state, receive in exchange therefor a bond or bonds of the state of California, provided for in the first section of this act; but no bond shall be issued for a less sum than five hundred dollars, nor for fractional parts of a hundred dollars, but the treasurer may issue certificates of such fractional parts not bonded, which said certificate shall be transferable, and entitled to be funded as before provided. The treasurer shall indorse on the back of each claim so received and liquidated the date on which he received the same, and from whom, and the number of the bond issued in exchange therefor, and such claim shall be filed in the office of the secretary of state.

Taxes.

SEC. 6. For the payment within twenty years of the principal and interest of the bonds issued under this act, there shall be levied, annually, until the bonds are paid and promptly collected in the same manner as is or may be provided by law for ordinary state taxes, a tax of thirty cents on each one hundred dollars of the assessed value of real and personal property in the state, and the fund derived from this tax shall be set apart and applied exclusively to the payment of the interest on the bonds herein provided, and the final redemption of the principal of said bonds; and the faith of the state of California is hereby pledged for the payment, as herein provided, of the bonds issued by virtue of this act, and the interest thereon, and all moneys that may be received by the state of California from the United States government on account of the "civil fund," so called, are hereby irrevocably pledged to the payment of the principal and interest on the bonds issued under this act. A willful refusal or neglect by supervisors, or any other officer, to levy or collect the taxes imposed by this act, shall be a misdemeanor, and the person or persons convicted thereof

shall be removed from office and punished by a fine not exceeding one thousand dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

Advertisement for redemption of bonds.

SEC. 7. Whenever, on the first day of February, in any year, there remains in the sinking and interest fund ten thousand dollars, or more than will pay the interest on the following July, as hereinbefore provided, the treasurer shall advertise, for the space of one week, in one daily newspaper published in English in the city of New York, and for one month in one daily newspaper in English at the state capital, for sealed proposals, to be opened one month after the expiration of such publication by the treasurer, in presence of the governor or controller, at the state capital, for the surrender of bonds issued under this act, which advertisement shall state the amount of money he has on hand for the purpose of redemption, and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exhausted; provided, however, in case a sufficient amount of such bonds shall not be offered as aforesaid to exhaust the sinking fund to a less amount than ten thousand dollars, then it is hereby made the duty of the treasurer to advertise in two newspapers, one in New York and one at the capital of this state, for three months, which advertisement shall state the amount in the sinking fund, and the number of bonds, numbering them in the order of their issuance, which such fund is set apart to pay and discharge; and if such bonds so numbered in such advertisement shall not be presented for payment and cancellation within three months from the expiration of such publication, then such fund shall remain in the treasury to discharge such bonds whenever presented; but they shall draw no interest after such publication as last aforesaid. [*Amendment, approved April 27, 1860, 281.*]

Record of proceedings.

SEC. 8. The treasurer of state shall keep full and particular account and record of all his proceedings under this act, and of the bonds redeemed and surrendered, and he shall transmit to the governor an abstract of all his proceedings under this act, with his annual report, to be by the governor laid before the legislature; and all books and papers pertaining to the matters provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both.

Payment of interest.

SEC. 9. It shall be the duty of the treasurer to pay the interest on said bonds when the same falls due, out of said interest fund, if sufficient, and if said fund be not sufficient, then to pay the deficiency out of the general fund; provided, that the controller of state shall first draw his warrant on the treasurer, payable to the order of said treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

Examination, registration, and cancellation of claims.

SEC. 10. It shall be the duty of the governor and controller to attend, at least once in each month, at the treasurer's office, while said bonds are being issued, to examine all claims received by the treasurer as aforesaid, and cause the same to be registered and canceled in such manner as to prevent them from being reissued or put in circulation.

Claims to be funded.

SEC. 11. The following are specified as the claims which are entitled to be received and funded under this act:

1. Civil bonds of the state issued under the funding acts passed in the years eighteen hundred and fifty-one, eighteen hundred and fifty-two, eighteen hundred and fifty-three, eighteen hundred and fifty-five, and eighteen hundred and fifty-six, which are now outstanding, with interest due on the same, when presented as appears by the coupons.

2. Controller's warrants, drawn under sanction of law, for civil expenses, prior to January first, A. D. eighteen hundred and fifty-seven, and now outstanding and unpaid. But the provisions of this act shall not authorize the funding of any of those warrants, the registration and indorsement of which were canceled or required to be canceled by the provisions of "An act to cancel the registration and indorsement of certain warrants, and prohibiting the payment of the same," approved January thirtieth, A. D. eighteen hundred and fifty-six, or warrants which have been specifically adjudged illegal by any court. And all said warrants specified in the last-mentioned act are hereby expressly excluded from all the benefits and provisions of this act.

3. Just or legal claims against the state, accrued prior to January first, eighteen hundred and fifty-seven, and which may be allowed and audited by act of the legislature.

And if the treasurer of state shall willfully issue bonds upon claims not herein specified as receivable, it shall be deemed a misdemeanor, and he shall be punished as provided in section six of this act, and such bond shall be void.

Claims, when received.

SEC. 12. The claims specified in this act may be received for funding, and bonds therefor may be issued prior to the first day of January, eighteen hundred and fifty-nine, but not afterward; and all claims not presented for funding prior to that time are excluded from the provisions of this act, and such blank bonds prepared under the provisions of this act, as shall then remain on hand, shall be destroyed in the presence of the governor, controller, and treasurer.

Taking effect of act.

SEC. 13. This act shall take effect on the first day of November, A. D. eighteen hundred and fifty-seven, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, which shall take effect immediately.

Act to be submitted to vote.

SEC. 14. This act shall be submitted to the people of the state for their ratification at the next general election, to be holden on the first Wednesday of September, A. D. eighteen hundred and fifty-seven, and the qualified electors of this state shall, at said election, on their ballots for state officers, vote for or against this act; those voting for the same shall write or have printed on their ballots the words "pay the debt," and those voting against the same shall write or have printed on their ballots the words "repudiate the debt."

Votes, subject to what rules.

SEC. 15. The votes cast for and against this act shall be counted, returned, and canceled, and declared in the same manner, and subject to the same rules, as votes cast for the treasurer of state; and if it appear that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this act, then the same shall have effect as hereinbefore provided, and shall be irrevocable,

until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes so cast are against this act, then the same shall become void.

Publication of act before election.

Sec. 16. It shall be the duty of the secretary of state to have this act published in one newspaper in each judicial district of this state, if one be published therein, for three months next preceding the general election, to be holden upon the first Wednesday of September next, for which publication no greater allowance shall be made than the rates allowed by law to the state printer.

An act to provide for paying certain equitable claims against the state of California, and to contract a funded debt for that purpose, approved April 30, 1860, 352. This act authorized the preparation of state bonds to the amount of two hundred thousand dollars, bearing interest at the rate of seven per cent per annum, payable July 1, 1880. It required the levy of a tax of one and one quarter per cent;

fixes the first day of February or August as the time to advertise for proposals for the surrender of bonds; limits the funding of claims to January 1, 1862; provides for its taking effect on January 1, 1861, its submission to vote at the general election of 1860, and its publication before that election. With these exceptions, it is identical in language with the foregoing act of April 28, 1857.

An Act in relation to the purchase and sale of state bonds.

[Approved April 2, 1866; 1865-6, 856.]

Board of examiners authorized to make proposals for purchase of bonds.

SECTION 1. Whenever, on the first day of January or July in any year, the treasurer of state shall advertise, as required by law, for the surrender of civil bonds issued under the acts of eighteen hundred and fifty-seven and eighteen hundred and sixty, the board of examiners, composed of the governor, the secretary of state, and the attorney-general, are hereby authorized and empowered to make proposals to the state treasurer for the surrender of state bonds issued under the provisions of the act named herein. Said proposals shall be made in accordance with law, and shall be received by the treasurer of state in the same manner and under the same restrictions as if received from individuals; and if, upon the opening of said proposals, it is found that the board of examiners have submitted the lowest proposals, not exceeding par value, as will redeem the greatest amount of bonds, then it shall be the duty of the treasurer of state to accept the proposals of the said board in accordance with the provisions of his advertisement.

If proposal accepted, payment to be made in civil bonds of eighteen hundred and sixty-seven.

SEC. 2. If, at any time, proposals for the surrender of bonds shall be made by the board of examiners, and accepted by the treasurer of state, as provided in section one of this act, it shall be the duty of the said board, and they are hereby authorized and empowered, to take from the civil bonds of eighteen hundred and fifty-seven, or eighteen hundred and sixty, deposited in the state treasury to the credit of the school fund, a sufficient amount of state bonds to make up the sum proposed to be surrendered, and deliver them to the treasurer of state, whose duty it shall be to receive and cancel the same. And it shall be the duty of the treasurer of state, and he is hereby authorized and empowered, to set aside to the credit of the said board of examiners the amount to which they are entitled in accordance with their proposals, in gold coin, to be used and applied by the said board as provided in section three of this act, and for no other purpose whatever.

Moneys, how applied.

SEC. 3. Whenever the board of examiners shall make proposals for the surrender of bonds, and the treasurer of state shall accept such proposals, and pay for said bonds as provided in sections one and two of this act, it shall be the duty of the said board to apply to all the money so received to the purchase of state bonds issued under an act granting bounties to the volunteers of this state enlisted in the service of the United States, for issuing bonds to provide funds for the payment of the same, and to levy a tax to pay such bonds, approved April fourth, eighteen hundred and sixty-four; and all the bonds so purchased shall be deposited by the said board in the state treasury to the credit of the school fund of this state, and shall be marked "school fund," as required by law

Duration of act.

SEC. 4. This act shall take effect and be in force from and after its passage, and shall continue in force until all the bonds provided by the bounty act, approved April fourth, eighteen hundred and sixty-four, shall have been sold; provided, that when all of said bounty bonds shall have been disposed of, in accordance with the act providing for their issue, then and from that date the provisions of this act shall cease, and all the duties and powers prescribed herein shall be fully abrogated.

An Act to provide for the payment of the funded indebtedness of the state of California, and to contract a funded debt for that purpose.

[Approved April 2, 1870; 1869-70, 646.]

Loan-commissioners.

SECTION 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the state of California, hereinafter specified, and to lessen the burden of taxation, the governor of the state, the controller of state, and the treasurer of state, and their successors in office, shall constitute a board of commissioners, to be styled the loan commissioners of the state of California, and shall have and exercise the powers and perform the duties hereinafter provided.

To issue bonds.

SEC. 2. The said loan commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said state, bearing interest at the rate of six per cent per annum, which interest shall be payable semi-annually in gold coin, on the second days in January in July in each year, at the office of the treasurer of state. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said loan commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said loan commissioners, and shall have the seal of the state affixed thereto; and the faith of the state of California is hereby pledged for the payment of said bonds and the interest accruing thereon, as herein provided.

Coupons.

SEC. 3. Coupons for the interest shall be attached to each bond, so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the treasurer of the state.

Notice of sale.

SEC. 4. Before the sale of any of said bonds, the said loan commissioners shall cause notices of such sale to be published, for the space of one month, in three daily newspapers published in English, one in the city of New York, one in the city of London, England, and one in the capital of the state; in and for the space of one month in a daily newspaper published in French, in the city of Paris, in France, and for the space of one month in a daily newspaper published in German, in the city of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, the place of sale, which shall be at the state capital, and that sealed proposals will be received by the said loan commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said loan commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the state; provided, that said loan commissioners may reject any or all bids, if they deem it to the advantage of the state; provided further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and provided further, that said bonds shall not be sold at less than ninety-one-cents on the dollar, in gold coin, par value.

Records of bonds sold.

SEC. 5. It shall be the duty of the treasurer and controller of state each to keep a separate record of all bonds sold under the provisions of this act, showing the number, date, amount, and rate of interest of each bond, and to whom the same was issued.

Appropriation for expenses.

SEC. 6. The sum of one thousand dollars is hereby appropriated out of the general fund for the payment of the expense that may be incurred by the loan commissioners in having such bonds prepared and said notices published.

Proceeds, how applied.

SEC. 7. The proceeds of such bonds shall be paid into the state treasury, and shall be applied to the payment of the following bonds, in the order of their issuance:

1. The outstanding bonds issued under the act entitled "An act to provide for certain equitable claims against the state of California, and to contract a funded debt for that purpose," approved April twenty-eighth, eighteen hundred and fifty-seven;
2. The outstanding bonds issued under the act of eighteen hundred and sixty;
3. The outstanding soldiers' relief bonds;
4. The outstanding soldiers' bounty bonds.

Exchange of bonds.

SEC. 8. All persons having any of the bonds specified in section seven of this act shall, upon presentation of such bonds to the said loan commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this act, at the rate of ninety-three cents on the dollar, par value; but no bonds shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars; but the said loan commissioners may issue certificates of such fractional part not bonded, which said certificate shall

be transferable, and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this act. The loan commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the secretary of state

Redemption.

SEC. 9. Whenever there shall be in the state treasury, from the proceeds of the sale of bonds issued under this act, a sum of ten thousand dollars or more, it shall be the duty of the treasurer to advertise in two newspapers, printed in English, one in New York and one in the capital of the state, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Taxes to be levied.

SEC. 10. For the payment, within twenty years, of the principal and interest of the bonds issued under this act, there shall be and is hereby levied annually, after any bonds have been issued under this act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the state, to be computed by the controller of state on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this act are paid, fifteen per centum of the amount of such bonds issued. The controller shall certify the rate of tax thus computed by him to the several county auditors, and the said auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other state taxes. Every tax levied under the provisions or authority of this act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the state treasury, and shall be applied:

1. To the payment of the interest on the bonds issued by the provisions of this act;
2. To the payment of the principal of such bonds.

Provided, that all moneys remaining in the state treasury on the third day of January in each year, for the first five years after the issuance of any bonds under this act, after all the interest on such bonds then due has been paid, shall be transferred by the treasurer of state to the general fund.

Surrender of bonds.

SEC. 11. Whenever, on the third day of January or July in any year, after the expiration of five years from the date of issuance of any bonds under this act, there remains, after the payment of the interest, as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the treasurer to advertise, for the space of one month, in one daily news-

paper published in English in the city of New York, and for one month in one daily newspaper published in English at the state capital, for sealed proposals, to be opened one month after the expiration of such publication by the treasurer, in presence of the governor or controller, at the state capital, for the surrender of bonds issued under this act; which advertisement shall state the amount of money he has on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exhausted; provided, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the sinking fund to a less amount than ten thousand dollars, then it is hereby made the duty of the treasurer to advertise in two newspapers, one in New York and one at the capital of this state, for three months, which advertisement shall state the amount in the sinking fund, and the number of bonds, numbering them in the order of their issuance, which such fund is set apart to pay and discharge; and if such bonds so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication. Before any of said bonds shall be paid, they shall be presented to the controller, who shall indorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Duty of state treasurer.

SEC. 12. The treasurer of state shall keep a full and particular account and record of all his proceedings under this act, and of the bonds redeemed and surrendered, and he shall transmit to the governor an abstract of all his proceedings under this act, with his annual report, to be by the governor laid before the legislature; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both.

Payment of interest.

SEC. 13. It shall be the duty of the treasurer to pay the interest on said bonds, when the same falls due, out of said interest fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the general fund; provided, that the controller of state shall first draw his warrant on the treasurer, payable to the order of said treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

When to take effect.

SEC. 14. This act shall take effect sixty days after the next general election, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, which shall take effect immediately.

To be submitted for ratification.

SEC. 15. This act shall be submitted to the people of the state for their ratification, at the next general election, and the qualified electors of this state shall, at said election, on their ballots for state officers, vote for or against this act; those voting for the same shall write or have printed on their ballots the words

"Refund the debt—Yes," and those voting against the same shall write or have printed on their ballots the words "Refund the debt—No."

Votes, how canvassed.

SEC. 16. The votes cast for and against this act shall be counted, returned, and canceled, and declared in the same manner and subject to the same rules as votes cast for the treasurer of state; and if it appears that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this act, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation hereof; but if a majority of the votes so cast are against this act, then the same shall become void.

Publication of act.

SEC. 17. It shall be the duty of the secretary of state to have this act published in one newspaper in each judicial district of this state, for three months next preceding the general election, for which publication no greater allowance shall be made than the rates allowed by law to the state printer.

An Act granting additional powers to the loan commissioners constituted by an act approved April second, eighteen hundred and seventy.

[Approved March 3, 1874; 1873-4, 235.]

Loan commissioners to dispose of bonds.

SECTION 1. Loan commissioners, constituted by an act entitled "An act to provide for the payment of the funded indebtedness of the state of California, and to contract a funded debt for that purpose," approved April second, A. D. eighteen hundred and seventy, are hereby empowered and authorized to dispose of such bonds as are to be issued under authority of the above-named act, and which are not exchanged for other bonds, or purchased for the benefit of the school and university funds, in any manner they may deem to the best interest of the state; provided, that no bonds shall be sold for a less amount than ninety-five cents on the dollar, par value.

SEC. 2. The sum of five hundred dollars is hereby appropriated out of the general fund for the payment of expenses incurred and to be incurred by the loan commissioners in preparing and issuing the bonds.

SEC. 3. This act shall take effect immediately.

General and specific funds of state—General fund.—The general fund was originally provided for by an act concerning the revenues, funds, expenditure, and property of the state, and management thereof, passed February 20, 1850, 63. It declared what moneys such fund should consist of, and also fixed certain salaries and provided for their payment. It has been superseded. The present law de-

fining the general fund is section 454 of the Political Code, which provides that it shall consist of moneys received into the state treasury and not specifically appropriated to any other fund. The Political Code, sec. 3713, provides the amount of money to be raised by taxation for this fund. The following acts also relate to the subject.

An Act to authorize the transfer to the general fund of money in other funds of the state treasury, and the return thereof to such funds.

[Approved March 21, 1872; 1871-2, 475.]

Transfer of funds.

SECTION 1. Whenever the general fund of the state treasury becomes exhausted, and there is money in other funds not required to meet any accrued demands against said funds, or demands to accrue against said funds, the controller shall report the fact to the governor and treasurer; and if the governor and treasurer find that the money is not needed in such other funds, the gov-

ernor shall order the controller to direct the transfer thereof to the general fund. All money so transferred to the general fund shall be returned to the fund from which it was transferred as soon as there is sufficient money in the general fund to return the same. Nothing in this act shall be so construed as to order or warrant the transfer of any money from any fund so as to in any manner interfere with the object for which such fund was created.

SEC. 2. This act shall take effect immediately.

An Act to authorize the state treasurer to pay controller's warrants, drawn for the salaries of public officers who are entitled to monthly payments from this state.

[Approved March 25, 1874; 1873-4, 593.]

To advance money.

SECTION 1. The state treasurer is hereby authorized, when the general fund is exhausted, to advance the money on the controller's warrants, drawn for the salaries of public officers who are entitled to monthly payments from the state, out of any public funds he may have in charge, keeping said warrants as his vouchers until such time when there shall be money in the general fund to cancel the same, and place them to his credit.

SEC. 2. Nothing in this act shall be so construed as to take money out of any fund against which there are warrants then due, or may become due, or in any way keep claimants out of their just demands.

SEC. 3. This act to take effect immediately.

An act to authorize the controller and treasurer of state to transfer certain funds. Approved April 1, 1876; 1875-6, 723. This act directed the transfer from the general fund to the credit of the swamp-land fund of forty-seven thousand nine hundred and twenty-three dollars and twenty-four cents, and provided for its distribution among certain swamp-land districts.

For other acts authorizing the controller and treasurer to transfer funds, see Stats. 1877-8, 201; 1880, 1.

State school fund.—The state school fund was first placed in proper condition by an act concerning the school fund of the state of California, approved April 14, 1863, 298. Besides the moneys therein referred to, various other amounts arising from the sale of school lands and other sources have been added to the school

fund. The Political Code, sec. 435, defines the manner of keeping an account of the fund; and the same code, sec. 3713, provides the sum to be raised for it by taxation. The following acts also relate to the subject:

An act in relation to the purchase and sale of state bonds, approved April 2, 1866; 1865-6, 856. This act is given in full, Pol. Code, sec. 680.

An act to authorize the state board of examiners to invest the moneys derived from state school lands in the bonds of the several counties of this state. Approved February 2, 1872; 1871-2, 54. This act was repealed by an act approved March 3, 1883; 1883, 25.

Interest and sinking fund.—This fund, as it now exists, was provided for by the following act:

An Act to authorize the controller and treasurer of state to transfer certain funds.

[Approved March 28, 1874; 1873-4, 745.]

Transfer of funds.

SECTION 1. The controller and treasurer of state are hereby authorized to transfer the balance remaining to the credit of the interest and sinking fund of eighteen hundred and sixty, soldiers' relief interest fund, Pacific railroad fund, state capital bonds interest fund of eighteen hundred and seventy, and state capital bonds interest fund of eighteen hundred and seventy-two, to the interest and sinking fund of eighteen hundred and fifty-seven, which fund shall be known as the interest and sinking fund.

SEC. 2. This act shall take effect and be in force on and after June fifteenth, eighteen hundred and seventy-four.

See also an act to provide for the payment of coupons issued by the Central Pacific Railroad Company, approved March 19, 1878; 1877-8, 335.

The interest and sinking fund of 1857 was

provided for by an act to provide for paying certain equitable claims against the state of California, and to contract a funded debt for that purpose, approved April 28, 1857, 300, given *ante*, "Funds." The interest and sink-

ing fund of 1860 was provided for by an act to provide for paying certain equitable claims against the state of California, and to contract a funded debt for that purpose, approved April 30, 1860, 352, referred to *ante*, "Funds." The Political Code, sec. 3713, provided the sums to be raised by taxation for those funds. By the amendment of 1873-4 to the above-cited section of the Political Code, the new interest and sinking fund is the only one, and it seems that out of it all outstanding bonds are to be paid. The same section, 3713, provides the sum to be raised by taxation for such fund.

An act to authorize the controller and treasurer of state to transfer certain funds, approved March 4, 1881; 1881, 38.

This act authorized the transfer of one hundred and three thousand dollars from the interest and sinking fund, "to be known as the 'funded debt fund' of 1873."

State capitol special fund and state capitol bonds interest and sinking fund.—These funds were provided for by an act authorizing the issuance of state bonds to the amount of two hundred and fifty thousand dollars, to be known as state capitol bonds, approved April 4, 1870; 1869-70, 724.

State capitol special fund of 1872, and state capitol bonds interest and sinking fund of 1872.—These funds were provided for

by an act authorizing the issuance of state bonds to the amount of two hundred and fifty thousand dollars, to be known as state capitol bonds of 1872, approved March 28, 1872; 1871-2, 694.

Soldiers' relief fund and soldiers' bounty fund.—These funds were provided for by an act for the relief of the enlisted men of the California volunteers in the service of the United States, approved April 27, 1863, 662; an act granting bounties to the volunteers of this state enlisted in the service of the United States, for issuing bonds to provide funds for the payment of the same, and to levy a tax to pay such bonds, approved April 4, 1864; 1863-4, 486; and an act granting bounties to the volunteers of this state, to provide for issuance of bonds and for a tax for their payment, approved April 4, 1864; 1863-4, 486; amended March 16, 1870; 1869-70, 318. The funding act of April 2, 1870, given *ante*, "Funds," made provision for the conversion of the bonds issued under the foregoing mentioned acts into new state bonds. The Political Code, sec. 3713, provides the sum to be raised by taxation for the interest and sinking fund of the new state bonds referred to.

University fund.—An act to create a commission to examine and report the condition of certain funds (of the University of California), approved April 1, 1878; 1877-8, 928.

An Act to authorize the controller and treasurer of state to transfer certain funds

[Approved March 12, 1885.]

SECTION 1. The controller and treasurer of state are hereby authorized to transfer, on December first, eighteen hundred and eighty-five, the sum of ninety thousand dollars, or any portion thereof, from any fund or funds in the state treasury having a surplus, to the interest and sinking fund, to pay the semi-annual interest on the outstanding state bonds due January first, eighteen hundred and eighty-six; provided that said sum of ninety thousand dollars, or any portion thereof that shall have been so transferred, shall, upon receipt of a sufficient amount into the interest and sinking fund during the thirty-seventh fiscal year, be retransferred to the fund or funds from which said sum shall have been borrowed.

SEC. 2. This act shall take effect immediately.

Other state funds.—There are various funds provided for by the Political Code, Penal Code, and subsequent statutes, which are merely intended for the purpose of securing a proper application of moneys specially appropriated. Such are the "military fund," the "insane asy-

lum fund," the "state wharf and dock fund," the "state prison fund," the "university fund," and others. They may be considered as little more than names under which accounts are to be kept in the state treasury.

GAME.

See FISH.

The general law in relation to the taking, killing, or destroying of game is contained in the Penal Code, secs. 626 et seq. But there are several special and local acts which are in force in particular localities. They are noted under the heads of the proper counties, but may be here again referred to:

An act for the protection of fish and game in certain portions of Napa county, approved March 26, 1872; 1871-2, 550.

An act for the protection of game in Nevada county, approved February 6, 1874; 1873-4, 80.

There are also a number of acts to prevent hunting and shooting on private grounds, which will be found given or referred to under the head, "Hunting on Private Grounds," *post*.

An act to prevent the destruction of deer on Monte Diablo, in Contra Costa county, approved March 28, 1878; 1877-8, 599. See Pen. Code, sec. 628.

GAS.

See GAS FRANCHISES.

An Act to regulate the quality and standard illuminating power and the price of gas in all cities within the state of California having a population of one hundred thousand or more.

[Approved March 4, 1878; 1877-8, 107.]

Quality and price of gas to be fixed by whom.

SECTION 1. That in all cities in the state of California having a population of one hundred thousand or more, the local legislative body thereof, whether known and designated as the board of supervisors, or board of aldermen, or common council, or board of trustees, or otherwise, are hereby authorized and required to fix the standard quality and illuminating power of gas to be furnished, and the rate and price for each one thousand cubic feet to be charged therefor by any person, company, or corporation whose pipes or mains are or shall be laid down in the streets or highways of such city, for the purpose of supplying gas for the use of such city, or for the inhabitants thereof, or for such city and its inhabitants; provided, however, that said board or local authority shall not fix or establish the standard quality and illuminating power of gas in such city at less than sixteen-candle power, or such that five cubic feet of gas per hour so furnished shall give light at least equal to that afforded by the combustion of sixteen standard sperm candles consuming one hundred and twenty grains of sperm each per hour, the burner to be used in making such test to be that best adapted to the economical consumption of gas; and provided further, that such board of supervisors, or local legislative authority, by whatever name it may be known, shall not fix or establish the rate or price of gas so furnished to such city or its inhabitants at any greater price or rate than three dollars per thousand cubic feet.

Mayor to appoint an inspector.

SEC. 2. It shall be the duty of the mayor of each city having the population mentioned in section one of this act, and such mayor is hereby required, within thirty days after the passage and approval of this act, to appoint, subject to the approval of the board of supervisors, or other local legislative body aforesaid, a person of competent experience and knowledge of and concerning the proper qualities and illuminating power of gas, and who shall not be directly or indirectly interested in or connected with any person, company, or corporation engaged in the manufacture or furnishing of illuminating gas in such city, or elsewhere, either to such city or its inhabitants, or any of them, either as a stockholder or otherwise, who shall be known and designated as gas inspector of such city, who shall hold his said office for the term of two years, or until his successor shall be appointed and qualified; subject, however, to removal from his said office by the mayor, with the concurrence of a majority of the board of supervisors, or other local legislative board aforesaid, for any one of the following causes, to wit, by reason of any interest in the manufacture or furnishing of gas in such city, whether such interest existed at the date of his appointment or was afterward acquired, or for want of competent knowledge, skill, or experience to enable him properly to discharge the duties of said office, or for any neglect, misconduct, or inefficiency in the discharge of the duties of said office, to the prejudice of such city, or its inhabitants, or any of them. The person so appointed shall, before he enters upon the duties of said office, and within ten days after his appointment and confirmation, take and subscribe

an oath or affirmation before the county judge of the county in which such city is situated, that he will faithfully and impartially perform and discharge all the duties required by this act and the ordinances or resolutions of said board passed or adopted under and pursuant to the provisions thereof, as such gas inspector of such city, and shall also, within the same time, give bond to the city in and for which he is appointed, in the sum of ten thousand dollars, with sureties to be approved by said board, conditioned for the faithful performance of the duties of said office, which said oath and bond shall be filed with the clerk of said board. Such gas inspector shall be entitled to a salary to be fixed and allowed by said board, which shall be paid monthly out of the general fund of such city.

Duty of inspector.

SEC. 3. It shall be the duty of such inspector, immediately upon his appointment and qualification as such officer, as aforesaid, to make a careful examination and inquiry, by inspection, letter, or otherwise, as to the quality and illuminating power of the gas furnished and used in the principal cities of the United States, and the prices charged therefor, and also the comparative cost of the manufacture and supply of gas in other cities of the United States, with the cost of the manufacture and supply of the same in the city for which he is such inspector, and report fully the result of such examination and information to said board within six months after his appointment and qualification; and upon receiving such reports, said board shall proceed to fix and establish the quality and standard illuminating power of gas to be used in such city, and the maximum price to be charged therefor; and such standard and price may be changed by said board from time to time, not oftener than once every year, as increased consumption or other circumstances may in their judgment require.

Same.

SEC. 4. After said board shall have fixed and established the quality and illuminating power, and the price of gas, as hereinbefore, it shall be the duty of such inspector to examine and inspect, from time to time, at least once every week, without notice to the person, company, or corporation furnishing the same, the quality and illuminating power of the gas furnished to such city and the inhabitants thereof, and in case the same shall fall below the standard fixed by said board, the said inspector shall forthwith report the same to said board; and at such other times as he may be requested thereto by the mayor or any committee of said boards, he shall report to said board upon any and all matters connected with the manufacture, supply, and consumption of gas coming within the scope of his official duties, and specially upon any subject or subjects, matters or things, connected therewith and specified in such request.

Certain acts declared unlawful.

SEC. 5. After said board shall have fixed and established the quality and standard illuminating power of the gas, and the price per thousand cubic feet, as in this act provided to be charged therefor, it shall be unlawful for any person, company, or corporation to furnish to such city, or any inhabitant thereof, or other person therein, for illuminating purposes, gas of a lower standard or quality, or to charge or receive therefor a higher price than is provided by said board, under the authority and subject to the limitations of this act; and for every violation of the provisions of this act, or the provisions of any order, resolution, or ordinance of said board made in pursuance thereof, every such

person, company, or corporation shall incur a penalty of not less than one hundred nor more than one thousand dollars, to be recovered in a civil action in the name and for the use of such city, in any court of competent jurisdiction; and each day upon which such person, company, or corporation shall, without reasonable cause or excuse therefor, furnish gas of a lower quality or standard illuminating power than that fixed by said board, shall constitute and be considered and held one violation thereof, and each month or shorter period for which said person, company, or corporation shall take an account of gas consumed, and for which they shall charge or receive a price greater than that fixed by said board, shall be held and regarded as one offense, and any number of such offenses of either class, or both, may be joined in the same action, and the several penalties for the several violations proved or confessed in said action may be united and recovered in the same judgment; and such person, company, or corporation shall also be liable to such city and to any and each person or corporation who shall be injured by any such violation, in double the amount of damages actually sustained.

Actions tried, by whom.

SEC. 6. All actions for penalties under the provisions of this act shall be tried by the court, unless a jury be demanded by either party; and when such action shall be tried by a jury, the jury shall find, as to each violation charged in the complaint, that "the defendant is guilty," or "the defendant is not guilty;" and upon each charge in respect to which the jury has found the defendant guilty, the court shall fix the penalty, and render judgment for the aggregate amount of such penalties, together with costs of suit.

SEC. 7. All penalties recovered under this act shall be paid into the general fund of such city.

SEC. 8. This act shall apply to the city and county of San Francisco, as well as to cities whose municipal government is distinct from the county in which they are located.

SEC. 9. This act shall take effect immediately.

GAS FRANCHISES.

See GAS.

The Political Cod., sec. 19, continues in force the following act in relation to the laying down of gas-pipes and location of gas-works:

An Act concerning gas companies.

[Approved April 4, 1870; 1869-70, 815.]

Granting of franchises to gas companies.

SECTION 1. From and after the passage of this act, it shall be lawful for the corporate authorities of every city and town in this state, and for the supervisors of the city and county of San Francisco, to grant to any gas company the privilege of laying down pipes in the streets or alleys of such towns and cities, including San Francisco, as aforesaid, and supplying gas for the lighting of the streets and buildings thereon; such privilege to continue for a term not exceeding twenty-five years.

Conditions.

SEC. 2. Every such license or privilege shall be upon condition that the authorities shall have the right at any time to allow similar privileges to other companies; and upon the further condition, that the laying down of such pipes shall be subject to the reasonable direction of the said authorities, and shall do

as little injury as possible to the paving, planking, or macadamizing of the streets and alleys aforesaid; and that whenever the paving, planking, or macadamizing of such streets or alleys is displaced for the purpose of laying down pipes or removing the same, or making connections therewith or repairs thereto, such paving, planking, or macadamizing shall be replaced in as good order as practicable by such company.

Contract for lighting streets.

SEC. 3. The authorities of every such town or city, including San Francisco as aforesaid, may contract with any gas company for lighting the streets thereof; but no such contract shall be made at a fixed rate for a longer term than five years, nor at a variable or other rate for a longer term than ten years; nor shall any such contract be made at a higher rate than that now paid in the city of San Francisco.

Location of works.

SEC. 4. In addition to the foregoing provisions, the authorities of such towns and cities shall affix to every license or contract such conditions as will be for the benefit of the public, and may secure their enforcement by any orders or ordinances which they may deem necessary. They may also control the location and construction of works so that they may be erected in suitable localities to give the least discomfort or annoyance to the public.

SEC. 5. This act shall take effect immediately.

GOATS.

An Act to prevent buck goats running at large.

[Approved March 23, 1878; 1877-8, 437.]

Buck goats not to run at large.

SECTION 1. It shall not be lawful for the owner or owners of any buck goat or buck goats, or any person or persons in charge of such goat or goats, to turn or permit such goat or goats to be turned or run at large in any county of this state.

Penalty for violation.

SEC. 2. Any person violating the provisions of the first section of this act shall, upon complaint and conviction before a justice of the peace of the proper township, be fined in a sum not less than five dollars, nor more than twenty dollars, to be collected as fines are now by law collected.

SEC. 3. This act shall take effect on and after the first day of July, eighteen hundred and seventy-eight.

In addition to the foregoing general act in relation to goats, there are various acts referring to the running at large of and trespassing by these animals. Some of them are noted under the head of "hogs" and "sheep." The following, passed in 1878, may be referred to here:

An act to prevent the trespassing of goats on inclosed lands in Amador county, approved March 26, 1878; 1877-8, 536.

An act to prevent sheep and goats from being herded or running at large in certain portions of Lake county, approved March 29, 1878; 1877-8, 685.

HIDES OF CATTLE.

The Political Code, sec. 19, continued in force the following act:

An Act for the better protection of stock-raisers in the counties of Fresno, Tulare, Monterey, and Mariposa.

[Approved March 20, 1866, 322.]

Hides to be kept.

SECTION 1. All persons slaughtering horned cattle shall keep the hides of all cattle slaughtered by them, with the ears attached, for fifteen days; and it shall be the duty of all persons having such hides in their possession to exhibit the same for examination on demand being made by any person for that purpose.

Record of slaughtered animals.

SEC. 2. It shall be the duty of all persons slaughtering cattle, hogs, and other animals to keep a true record of all such animals slaughtered by them, of marks, brands, and date of slaughtering, of whom such animals were purchased, and date of purchase, in a book to be kept for that purpose; and shall also enter in said book a copy of the bill of sale received by him from the person or persons who sold said cattle, and shall exhibit the same to any person requesting an examination of such book. All persons slaughtering any number of animals whatsoever shall be considered within the meaning of the provisions of this act.

Penalty.

SEC. 4. Any person failing or refusing to comply with the provisions of this act shall be deemed guilty of a misdemeanor, and on conviction thereof before a justice of the peace or other court having competent jurisdiction over misdemeanors, shall for each offense be punished by fine in a sum not less than fifty nor more than five hundred dollars, or by imprisonment in the county jail not less than thirty nor more than one hundred and eighty days, or by both such fine and imprisonment.

Reward for informer.

SEC. 5. It shall be lawful for any person cognizant of or otherwise knowing of the fact of the violation of this act, to enter a complaint before a justice of the peace or a grand jury, and if conviction be made, such informant shall receive one half of the fine when collected, and the remainder paid to the county treasurer, to be placed by him in the county school fund.

SEC. 6. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

SEC. 7. This act shall take effect and be in force from and after its passage.

HOGS.

The acts concerning hogs found running at large seem to be continued in force by the Political Code, sec. 19, subd. 23. They are, in due sense, laws in relation to estrays or trespassing animals, and should be read in connection with the laws on those subjects. It may be observed, however, that if it was the

intention to continue enactments, which like these involve penalties and forfeitures, the declaration to that effect ought to be plainer. Following will be found the principal acts on this subject, and references to other acts of more restricted application.

Moneys, how applied.

SEC. 3. Whenever the board of examiners shall make proposals for the surrender of bonds, and the treasurer of state shall accept such proposals, and pay for said bonds as provided in sections one and two of this act, it shall be the duty of the said board to apply to all the money so received to the purchase of state bonds issued under an act granting bounties to the volunteers of this state enlisted in the service of the United States, for issuing bonds to provide funds for the payment of the same, and to levy a tax to pay such bonds, approved April fourth, eighteen hundred and sixty-four; and all the bonds so purchased shall be deposited by the said board in the state treasury to the credit of the school fund of this state, and shall be marked "school fund," as required by law

Duration of act.

SEC. 4. This act shall take effect and be in force from and after its passage, and shall continue in force until all the bonds provided by the bounty act, approved April fourth, eighteen hundred and sixty-four, shall have been sold; provided, that when all of said bounty bonds shall have been disposed of, in accordance with the act providing for their issue, then and from that date the provisions of this act shall cease, and all the duties and powers prescribed herein shall be fully abrogated.

An Act to provide for the payment of the funded indebtedness of the state of California, and to contract a funded debt for that purpose.

[Approved April 2, 1870; 1869-70, 646.]

Loan-commissioners.

SECTION 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the state of California, hereinafter specified, and to lessen the burden of taxation, the governor of the state, the controller of state, and the treasurer of state, and their successors in office, shall constitute a board of commissioners, to be styled the loan commissioners of the state of California, and shall have and exercise the powers and perform the duties hereinafter provided.

To issue bonds.

SEC. 2. The said loan commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said state, bearing interest at the rate of six per cent per annum, which interest shall be payable semi-annually in gold coin, on the second days in January in July in each year, at the office of the treasurer of state. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said loan commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said loan commissioners, and shall have the seal of the state affixed thereto; and the faith of the state of California is hereby pledged for the payment of said bonds and the interest accruing thereon, as herein provided.

Coupons.

SEC. 3. Coupons for the interest shall be attached to each bond, so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the treasurer of the state.

Notice of sale.

SEC. 4. Before the sale of any of said bonds, the said loan commissioners shall cause notices of such sale to be published, for the space of one month, in three daily newspapers published in English, one in the city of New York, one in the city of London, England, and one in the capital of the state; in and for the space of one month in a daily newspaper published in French, in the city of Paris, in France, and for the space of one month in a daily newspaper published in German, in the city of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, the place of sale, which shall be at the state capital, and that sealed proposals will be received by the said loan commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said loan commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the state; provided, that said loan commissioners may reject any or all bids, if they deem it to the advantage of the state; provided further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and provided further, that said bonds shall not be sold at less than ninety-one-cents on the dollar, in gold coin, par value.

Records of bonds sold.

SEC. 5. It shall be the duty of the treasurer and controller of state each to keep a separate record of all bonds sold under the provisions of this act, showing the number, date, amount, and rate of interest of each bond, and to whom the same was issued.

Appropriation for expenses.

SEC. 6. The sum of one thousand dollars is hereby appropriated out of the general fund for the payment of the expense that may be incurred by the loan commissioners in having such bonds prepared and said notices published.

Proceeds, how applied.

SEC. 7. The proceeds of such bonds shall be paid into the state treasury, and shall be applied to the payment of the following bonds, in the order of their issuance:

1. The outstanding bonds issued under the act entitled "An act to provide for certain equitable claims against the state of California, and to contract a funded debt for that purpose," approved April twenty-eighth, eighteen hundred and fifty-seven;
2. The outstanding bonds issued under the act of eighteen hundred and sixty;
3. The outstanding soldiers' relief bonds;
4. The outstanding soldiers' bounty bonds.

Exchange of bonds.

SEC. 8. All persons having any of the bonds specified in section seven of this act shall, upon presentation of such bonds to the said loan commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this act, at the rate of ninety-three cents on the dollar, par value; but no bonds shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars; but the said loan commissioners may issue certificates of such fractional part not bonded, which said certificate shall

be transferable, and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this act. The loan commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the secretary of state.

Redemption.

SEC. 9. Whenever there shall be in the state treasury, from the proceeds of the sale of bonds issued under this act, a sum of ten thousand dollars or more, it shall be the duty of the treasurer to advertise in two newspapers, printed in English, one in New York and one in the capital of the state, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Taxes to be levied.

SEC. 10. For the payment, within twenty years, of the principal and interest of the bonds issued under this act, there shall be and is hereby levied annually, after any bonds have been issued under this act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the state, to be computed by the controller of state on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this act are paid, fifteen per centum of the amount of such bonds issued. The controller shall certify the rate of tax thus computed by him to the several county auditors, and the said auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other state taxes. Every tax levied under the provisions or authority of this act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the state treasury, and shall be applied:

1. To the payment of the interest on the bonds issued by the provisions of this act;
2. To the payment of the principal of such bonds.

Provided, that all moneys remaining in the state treasury on the third day of January in each year, for the first five years after the issuance of any bonds under this act, after all the interest on such bonds then due has been paid, shall be transferred by the treasurer of state to the general fund.

Surrender of bonds.

SEC. 11. Whenever, on the third day of January or July in any year, after the expiration of five years from the date of issuance of any bonds under this act, there remains, after the payment of the interest, as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the treasurer to advertise, for the space of one month, in one daily news-

paper published in English in the city of New York, and for one month in one daily newspaper published in English at the state capital, for sealed proposals, to be opened one month after the expiration of such publication by the treasurer, in presence of the governor or controller, at the state capital, for the surrender of bonds issued under this act; which advertisement shall state the amount of money he has on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exhausted; provided, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the sinking fund to a less amount than ten thousand dollars, then it is hereby made the duty of the treasurer to advertise in two newspapers, one in New York and one at the capital of this state, for three months, which advertisement shall state the amount in the sinking fund, and the number of bonds, numbering them in the order of their issuance, which such fund is set apart to pay and discharge; and if such bonds so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication. Before any of said bonds shall be paid, they shall be presented to the controller, who shall indorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Duty of state treasurer.

SEC. 12. The treasurer of state shall keep a full and particular account and record of all his proceedings under this act, and of the bonds redeemed and surrendered, and he shall transmit to the governor an abstract of all his proceedings under this act, with his annual report, to be by the governor laid before the legislature; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both.

Payment of interest.

SEC. 13. It shall be the duty of the treasurer to pay the interest on said bonds, when the same falls due, out of said interest fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the general fund; provided, that the controller of state shall first draw his warrant on the treasurer, payable to the order of said treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

When to take effect.

SEC. 14. This act shall take effect sixty days after the next general election, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, which shall take effect immediately.

To be submitted for ratification.

SEC. 15. This act shall be submitted to the people of the state for their ratification, at the next general election, and the qualified electors of this state shall, at said election, on their ballots for state officers, vote for or against this act; those voting for the same shall write or have printed on their ballots the words

"Refund the debt—Yes," and those voting against the same shall write or have printed on their ballots the words "Refund the debt—No."

Votes, how canvassed.

SEC. 16. The votes cast for and against this act shall be counted, returned, and canceled, and declared in the same manner and subject to the same rules as votes cast for the treasurer of state; and if it appears that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this act, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation hereof; but if a majority of the votes so cast are against this act, then the same shall become void.

Publication of act.

SEC. 17. It shall be the duty of the secretary of state to have this act published in one newspaper in each judicial district of this state, for three months next preceding the general election, for which publication no greater allowance shall be made than the rates allowed by law to the state printer.

Loan commissioners, constituted by an act entitled "An act to provide for the payment of the funded indebtedness of the state of California, and to contract a funded debt for that purpose," approved April second, A. D. eighteen hundred and seventy, are hereby empowered and authorized to dispose of such bonds as are to be issued under authority of the above-named act, and which are not exchanged for other bonds, or purchased for the benefit of the school and university funds, in any manner they may deem to the best interest of the state; provided, that no bonds shall be sold for a less amount than ninety-five cents on the dollar, par value.

SEC. 2. The sum of five hundred dollars is hereby appropriated out of the general fund for the payment of expenses incurred and to be incurred by the loan commissioners in preparing and issuing the bonds.

SEC. 3. This act shall take effect immediately.

General and specific funds of state—General fund.—The general fund was originally provided for by an act concerning the revenues, funds, expenditure, and property of the state, and management thereof, passed February 20, 1850, 63. It declared what moneys such fund should consist of, and also fixed certain salaries and provided for their payment. It has been superseded. The present law de-

fining the general fund is section 454 of the Political Code, which provides that it shall consist of moneys received into the state treasury and not specifically appropriated to any other fund. The Political Code, sec. 3713, provides the amount of money to be raised by taxation for this fund. The following acts also relate to the subject.

An Act to authorize the transfer to the general fund of money in other funds of the state treasury, and the return thereof to such funds.

[Approved March 21, 1872; 1871-2, 475.]

Transfer of funds.

SECTION 1. Whenever the general fund of the state treasury becomes exhausted, and there is money in other funds not required to meet any accrued demands against said funds, or demands to accrue against said funds, the controller shall report the fact to the governor and treasurer; and if the governor and treasurer find that the money is not needed in such other funds, the gov-

ernor shall order the controller to direct the transfer thereof to the general fund. All money so transferred to the general fund shall be returned to the fund from which it was transferred as soon as there is sufficient money in the general fund to return the same. Nothing in this act shall be so construed as to order or warrant the transfer of any money from any fund so as to in any manner interfere with the object for which such fund was created.

SEC. 2. This act shall take effect immediately.

An Act to authorize the state treasurer to pay controller's warrants, drawn for the salaries of public officers who are entitled to monthly payments from this state.

[Approved March 25, 1874; 1873-4, 593.]

To advance money.

SECTION 1. The state treasurer is hereby authorized, when the general fund is exhausted, to advance the money on the controller's warrants, drawn for the salaries of public officers who are entitled to monthly payments from the state, out of any public funds he may have in charge, keeping said warrants as his vouchers until such time when there shall be money in the general fund to cancel the same, and place them to his credit.

SEC. 2. Nothing in this act shall be so construed as to take money out of any fund against which there are warrants then due, or may become due, or in any way keep claimants out of their just demands.

SEC. 3. This act to take effect immediately.

An act to authorize the controller and treasurer of state to transfer certain funds. Approved April 1, 1876; 1875-6, 723. This act directed the transfer from the general fund to the credit of the swamp-land fund of forty-seven thousand nine hundred and twenty-three dollars and twenty-four cents, and provided for its distribution among certain swamp-land districts.

For other acts authorizing the controller and treasurer to transfer funds, see Stats. 1877-8, 201; 1880, 1.

State school fund.—The state school fund was first placed in proper condition by an act concerning the school fund of the state of California, approved April 14, 1863, 298. Besides the moneys therein referred to, various other amounts arising from the sale of school lands and other sources have been added to the school

fund. The Political Code, sec. 435, defines the manner of keeping an account of the fund; and the same code, sec. 3713, provides the sum to be raised for it by taxation. The following acts also relate to the subject:

An act in relation to the purchase and sale of state bonds, approved April 2, 1866; 1865-6, 856. This act is given in full, Pol. Code, sec. 680.

An act to authorize the state board of examiners to invest the moneys derived from state school lands in the bonds of the several counties of this state. Approved February 2, 1872; 1871-2, 54. This act was repealed by an act approved March 3, 1883; 1883, 25.

Interest and sinking fund.—This fund, as it now exists, was provided for by the following act:

An Act to regulate the quality and standard illuminating power and the price of gas in all cities within the state of California having a population of one hundred thousand or more.

[Approved March 4, 1878; 1877-8, 107.]

Quality and price of gas to be fixed by whom.

SECTION 1. That in all cities in the state of California having a population of one hundred thousand or more, the local legislative body thereof, whether known and designated as the board of supervisors, or board of aldermen, or common council, or board of trustees, or otherwise, are hereby authorized and required to fix the standard quality and illuminating power of gas to be furnished, and the rate and price for each one thousand cubic feet to be charged therefor by any person, company, or corporation whose pipes or mains are or shall be laid down in the streets or highways of such city, for the purpose of supplying gas for the use of such city, or for the inhabitants thereof, or for such city and its inhabitants; provided, however, that said board or local authority shall not fix or establish the standard quality and illuminating power of gas in such city at less than sixteen-candle power, or such that five cubic feet of gas per hour so furnished shall give light at least equal to that afforded by the combustion of sixteen standard sperm candles consuming one hundred and twenty grains of sperm each per hour, the burner to be used in making such test to be that best adapted to the economical consumption of gas; and provided further, that such board of supervisors, or local legislative authority, by whatever name it may be known, shall not fix or establish the rate or price of gas so furnished to such city or its inhabitants at any greater price or rate than three dollars per thousand cubic feet.

Mayor to appoint an inspector.

SEC. 2. It shall be the duty of the mayor of each city having the population mentioned in section one of this act, and such mayor is hereby required, within thirty days after the passage and approval of this act, to appoint, subject to the approval of the board of supervisors, or other local legislative body aforesaid, a person of competent experience and knowledge of and concerning the proper qualities and illuminating power of gas, and who shall not be directly or indirectly interested in or connected with any person, company, or corporation engaged in the manufacture or furnishing of illuminating gas in such city, or elsewhere, either to such city or its inhabitants, or any of them, either as a stockholder or otherwise, who shall be known and designated as gas inspector of such city, who shall hold his said office for the term of two years, or until his successor shall be appointed and qualified; subject, however, to removal from his said office by the mayor, with the concurrence of a majority of the board of supervisors, or other local legislative board aforesaid, for any one of the following causes, to wit, by reason of any interest in the manufacture or furnishing of gas in such city, whether such interest existed at the date of his appointment or was afterward acquired, or for want of competent knowledge, skill, or experience to enable him properly to discharge the duties of said office, or for any neglect, misconduct, or inefficiency in the discharge of the duties of said office, to the prejudice of such city, or its inhabitants, or any of them. The person so appointed shall, before he enters upon the duties of said office, and within ten days after his appointment and confirmation, take and subscribe

an oath or affirmation before the county judge of the county in which such city is situated, that he will faithfully and impartially perform and discharge all the duties required by this act and the ordinances or resolutions of said board passed or adopted under and pursuant to the provisions thereof, as such gas inspector of such city, and shall also, within the same time, give bond to the city in and for which he is appointed, in the sum of ten thousand dollars, with sureties to be approved by said board, conditioned for the faithful performance of the duties of said office, which said oath and bond shall be filed with the clerk of said board. Such gas inspector shall be entitled to a salary to be fixed and allowed by said board, which shall be paid monthly out of the general fund of such city.

Duty of inspector.

SEC. 3. It shall be the duty of such inspector, immediately upon his appointment and qualification as such officer, as aforesaid, to make a careful examination and inquiry, by inspection, letter, or otherwise, as to the quality and illuminating power of the gas furnished and used in the principal cities of the United States, and the prices charged therefor, and also the comparative cost of the manufacture and supply of gas in other cities of the United States, with the cost of the manufacture and supply of the same in the city for which he is such inspector, and report fully the result of such examination and information to said board within six months after his appointment and qualification; and upon receiving such reports, said board shall proceed to fix and establish the quality and standard illuminating power of gas to be used in such city, and the maximum price to be charged therefor; and such standard and price may be changed by said board from time to time, not oftener than once every year, as increased consumption or other circumstances may in their judgment require.

Same.

SEC. 4. After said board shall have fixed and established the quality and illuminating power, and the price of gas, as hereinbefore, it shall be the duty of such inspector to examine and inspect, from time to time, at least once every week, without notice to the person, company, or corporation furnishing the same, the quality and illuminating power of the gas furnished to such city and the inhabitants thereof, and in case the same shall fall below the standard fixed by said board, the said inspector shall forthwith report the same to said board; and at such other times as he may be requested thereto by the mayor or any committee of said boards, he shall report to said board upon any and all matters connected with the manufacture, supply, and consumption of gas coming within the scope of his official duties, and specially upon any subject or subjects, matters or things, connected therewith and specified in such request.

Certain acts declared unlawful.

SEC. 5. After said board shall have fixed and established the quality and standard illuminating power of the gas, and the price per thousand cubic feet, as in this act provided to be charged therefor, it shall be unlawful for any person, company, or corporation to furnish to such city, or any inhabitant thereof, or other person therein, for illuminating purposes, gas of a lower standard or quality, or to charge or receive therefor a higher price than is provided by said board, under the authority and subject to the limitations of this act; and for every violation of the provisions of this act, or the provisions of any order, resolution, or ordinance of said board made in pursuance thereof, every such

person, company, or corporation shall incur a penalty of not less than one hundred nor more than one thousand dollars, to be recovered in a civil action in the name and for the use of such city, in any court of competent jurisdiction; and each day upon which such person, company, or corporation shall, without reasonable cause or excuse therefor, furnish gas of a lower quality or standard illuminating power than that fixed by said board, shall constitute and be considered and held one violation thereof, and each month or shorter period for which said person, company, or corporation shall take an account of gas consumed, and for which they shall charge or receive a price greater than that fixed by said board, shall be held and regarded as one offense, and any number of such offenses of either class, or both, may be joined in the same action, and the several penalties for the several violations proved or confessed in said action may be united and recovered in the same judgment; and such person, company, or corporation shall also be liable to such city and to any and each person or corporation who shall be injured by any such violation, in double the amount of damages actually sustained.

Actions tried, by whom.

SEC. 6. All actions for penalties under the provisions of this act shall be tried by the court, unless a jury be demanded by either party; and when such action shall be tried by a jury, the jury shall find, as to each violation charged in the complaint, that "the defendant is guilty," or "the defendant is not guilty;" and upon each charge in respect to which the jury has found the defendant guilty, the court shall fix the penalty, and render judgment for the aggregate amount of such penalties, together with costs of suit.

SEC. 7. All penalties recovered under this act shall be paid into the general fund of such city.

SEC. 8. This act shall apply to the city and county of San Francisco, as well as to cities whose municipal government is distinct from the county in which they are located.

INDIANS.

An act for the government and protection of Indians, passed April 22, 1850, 408, with its amendments, will be found in the "General Laws," secs. 3650 et seq. Without further legis-

lation, or an adjudication by the supreme court, it will be difficult to determine how much, if any, of it is in force. It is deemed sufficient in this place to thus call attention to the subject.

INDIGENT SICK AND INFIRMARIES.

[Approved March 30, 1868, 716.]

Commissioners to be appointed.

SEC. 5. After the commissioners shall have complied with the provisions of section four of this act, they shall proceed to sell at public auction, and as hereinafter provided, in some public place in the city of San Francisco, all the right, title, and interest of the state of California in and to the property in the lots described in section four. Such sales shall be by lots, in accordance with the survey and map provided for in section four of this act; provided, that in all cases where any settler was, on the first day of January, A. D. eighteen hundred and sixty-eight, substantial improvements upon any such lots which have been destroyed by fire, the commissioners may appraise the value of such lot or lots without the improvements, after sufficient sales have been made to furnish a proper standard of value; and at any time within sixty days after such appraisalment such settler may purchase such lot or lots by paying twenty-five per cent of the appraised value thereof at the time of such purchase, and the residue of such appraised value in three equal installments, in one, two, and three years, with interest as hereinafter provided; but the words "substantial improvements," as used in this act, shall not be construed to mean or include any bridge, wharf, fence, or piles driven in the land, capped or otherwise. by the state board, such approval to be made within sixty days after the report of such sales shall be filed with the state board. When such sale shall not be thus approved, such lot or lots shall be subject to resale by the board of commissioners, and the money paid by the purchaser at such disapproved sale shall be returned to him.

Terms of sale.

SEC. 6. The terms of sale shall be as follows: Cash, in gold coin, twenty-five per cent payable on the day of sale to the commissioners; and seventy-five per cent payable in one, two, and three years thereafter, to the state treasurer at Sacramento. Such notices shall specify the property to be sold, by its numbers and locality as to streets, and by any other descriptions deemed necessary to inform purchasers, as also the time, place, and conditions of sale. The compensation of the auctioneer shall be agreed upon by [the] state board, and shall not exceed the half of one per cent on the gross amount of sales.

Such deed shall convey all the right, title, and interest to the state of California in the premises, and shall be prima facie evidence of the regularity of all the preliminary proceedings and sale of the commissioners, and shall also be prima facie evidence of title and right of possession in the grantee, his heirs, and assigns, upon which actions for the recovery of real property, or for injuries thereto, may be maintained and defended in all the courts of this state having jurisdiction thereof, which deed shall be forwarded by the commissioners to the state treasurer, who, upon the surrender to him of the commissioners' receipt for the amount paid said commissioners, [and] the payment to him of the additional seventy-five per cent, with legal interest, as hereinbefore provided by this act, shall deliver the deed to the grantee; and in case of non-compliance with the provisions of this act on the part of the purchaser, by non-payment of either or any installment aforesaid, all the money paid by him shall be forfeited and the property considered as unsold by the state.

Said board of examiners shall examine diplomas as to their genuineness, and if the diploma shall be found genuine, as represented, the secretary of the board of examiners shall receive a fee of five dollars from each graduate or licentiate, and no further charge shall be made to the applicant; but if it be

found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The applicant shall accompany his diploma with an affidavit stating that he is the lawful possessor of the same, that he is the person therein named, that the diploma was procured in the regular course of medical instruction, and without fraud or misrepresentation of any kind, and that the medical institution granting the diploma had, at the time of the granting the same, a full corps of medical instructors, and was at the said time a legally incorporated institution, actually and in good faith engaged in the business of medical education, and in good standing as a medical institution, and that the applicant had complied with all the requirements of said institution. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. In addition to such affidavit, the board of examiners may hear such further testimony as in their discretion they may deem proper to hear, as to the verification of any such diploma, or as to the identity of the person named therein, or as to the manner in which any such diploma was procured, and if it should appear from such testimony that any fact stated in said affidavit is untrue, the application of such person for a certificate shall be rejected. None of said boards shall entertain an application which has been rejected by another of said boards, nor shall any rejected application be renewed until at least one year after the action of the board rejecting the same. [*Amendment, became a law and took effect April 1, 1878; 1877-8, 918.*]

Examination of applicants.

SEC. 5. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the boards shall authorize the possessor to practice medicine and surgery in the state of California; but no examination into the qualifications of persons not holding diplomas or licenses shall be made after the thirty-first day of December, eighteen hundred and seventy-six. After that date no certificates shall be granted by them, except to persons presenting diplomas or licenses from legally chartered medical institutions in good standing.

Certificates to be recorded.

SEC. 6. Every person holding a certificate from a board of examiners shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice shall procure an indorsement to that effect on the certificate from the county clerk, and shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

Clerk to keep register.

SEC. 7. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of issue and the name of the medical society represented by the board of examiners issuing them. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

Fees for examination.

SEC. 8. Candidates for examination shall pay a fee of five dollars in advance, which shall be returned to them if a certificate be refused. The fees received

by the board shall be paid into the treasury of the medical society by which the board shall have been appointed, and the expenses and compensation of the board shall be subject to arrangement with the society.

Sec. 9. Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

Refusal of certificates for unprofessional conduct.

Sec. 10. The board of examiners must refuse certificates to individuals guilty of unprofessional conduct. But before any such refusal, the applicant must be cited by a citation signed by the secretary of the board, and sealed with its seal, to appear before the board at a time and place certain for the purpose of being heard as to such unprofessional conduct. Said citation shall notify the applicant of the time and place where and when the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall then and there appear in person, and attended with such witnesses to testify on his behalf as he may desire, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board under its seal; and said secretary shall in no case refuse to issue any such subpoena on a fee of fifty cents being paid to him for each subpoena. Said citations and said subpoenas shall be served in accordance with existing provisions of law as to the service of citations and subpoenas generally. At such hearing witnesses shall be examined on the part of the board and on the part of the applicant as to the fact of the applicant having been guilty of the conduct set out in the citation, and either side may examine medical experts as to whether such conduct is unprofessional; and if it appear to the satisfaction of the board that the applicant is guilty of the said unprofessional conduct, no certificate shall be issued to him. But no application shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of unprofessional conduct within one year next preceding his application. If any holder of a certificate be guilty of unprofessional conduct, his certificate must be revoked by the board granting it; but no such revocation shall be valid without said holder being cited to appear, and the same proceedings be had as is hereinbefore provided in this section in the case of refusal to grant a certificate. Whenever a certificate is revoked, the secretary of the board revoking the same shall certify the fact, under the seal of the board, to the county clerk of the county in which the person whose certificate has been revoked is at the time of said revocation practicing his profession, and said clerk shall thereupon write on the margin, or across the face of his register of the certificate of such person, the fact of such revocation, signing his name thereto, and shall file in his office said certificate of revocation. Each of said boards may, from time to time, adopt such rules as may be necessary to the orderly conduct of all proceedings taken and had before it. It shall be the duty of the secretary of the respective boards to notify the secretary of all other boards provided for under this act of all applicants to whom licenses may have been refused, together with the reasons of such refusal by such boards. ROADS AND HIGHWAYS.

But by section 2757 of that code, as originally adopted, the provisions of any statute then in force in any of the counties, in relation to roads and highways, were not to be affected by the code except when such special laws should be repealed, in which case the provisions of the code were to apply.

All the special road laws affecting the various counties will be found referred to under the names of the respective counties. An Act to regulate rodeos.

[Passed April 30, 1851, 445.]

General rodeos.

SECTION 1. Every owner of an uninclosed stock farm shall be obliged to give, yearly, one general rodeo within the limits of his farm, between the first day of April and the thirty-first day of July, in the counties of San Luis Obispo, Santa Barbara, and San Diego, and in the remaining counties between the first day of March and the thirty-first day of August; and the person giving such general rodeos shall give notice thereof to all the owners of adjoining farms, at least four days previous to said rodeos being made, in order that parties interested may meet for the purpose of separating their respective cattle, it being understood that this requisite will be complied with by giving verbal notice to the owners of such adjoining farms, or by leaving a notice at their respective farm residences with any servant or member of the family; provided, that in the county of Monterey, the board of supervisors shall prescribe and regulate the time and manner of giving rodeos in said county. [*Amendment, approved April 17, 1861, 180; took effect from passage.*]

The original section was previously amended by act of March 26, 1852, 102.

Penalty for neglect in certain counties.

SEC. 2. If any person required to give such general rodeos, by the provisions of this act, shall neglect or refuse to do so, or willfully neglect to collect any portion of his stock, any adjoining stock farmer shall have power to give such rodeos, and the person so neglecting or refusing shall pay the cost of the same. In this case, the person giving such rodeos shall give notice, as required by section one; provided, that in the counties of San Luis Obispo, Santa Barbara, Los Angeles, San Bernardino, and San Diego, if said general rodeos be not given before the fifteenth day of May, a judge of the plains of said county may give such rodeo, at the cost of the party so neglecting or refusing to give such rodeo, after five days' written or verbal notice to the neighbors. [*Amendment, approved March 17, 1858, 70.*]

The foregoing amendment does not apply to the counties of Monterey, Santa Cruz, Merced, Stanislaus, Contra Costa, Sonoma, Mendocino, Santa Clara, Solano, Yolo, Napa, San Joaquin, and San Mateo, in which counties the section as amended by act of March 26, 1852, 102, is in force as follows:

No owner of a stock farm shall be required to give a rodeo from the first day of November to the first day of March, in each year, except on a contract for the delivery of cattle, or on a legal demand from the sheriff or constable of his county, having an execution against the owner, and demands a rodeo for levy or delivery of cattle; but in other months of the year he shall be required to collect his cattle upon application of owners of cattle; provided good cause is shown, and the party applying for the rodeo pay the expenses thereof. [*Amendment, approved March 26, 1852, 102.*]

Cattle collected at rodeos may be examined.

SEC. 4. When the cattle comprising such general rodeo shall be collected together, any stock owner, or his agent, shall have the privilege of examining to his satisfaction the cattle so congregated, and to separate such as belong to him. The cattle so gathered together shall not be allowed to disperse until all the adjoining farmers have had sufficient time to separate the cattle belonging to them; provided, that said rodeo may be continued from day to day until such separation shall be completed.

Cattle may be branded within eight days of rodeo.

SEC. 5. The requirements of the foregoing section being complied with, the owner of the rodeo may proceed to mark and brand his cattle within eight days from the time of such rodeo; but if he should suspend his marking and branding for more than fifteen days, he shall be obliged to give a new general rodeo, in the same manner as the former one, it being understood that in all cases he shall be obliged to mark his cattle some time within the period designated in the first section, unless the majority of the adjoining proprietors should grant him longer time.

Disputes respecting cattle, how disposed of.

SEAT OF GOVERNMENT.

The seat of government of the state of California is declared by the Political Code, sec. 145, to be at the city of Sacramento. The previous legislation in reference to the seat of government will be found collated in the "General Laws," secs. 6755 et seq., and "Supplement," secs. 9366 et seq. Of this previous legislation the Political Code, sec. 697, continued in force the following-named acts and acts amendatory thereof:

An act to provide for the construction of the state capitol in the city of Sacramento, approved March 29, 1860, 128. This act provided for the appointment of a board of state capitol commissioners, consisting of five members, to contract for and superintend the erection of the capitol building, and prescribed

their duties. It is the act under which the building has been erected. As its provisions have been almost entirely executed, a simple reference to it is deemed sufficient.

The acts amendatory of the above-mentioned act consist of one approved May 20, 1861, 600 (relating to a contract for the building of the capitol made with M. Fennell), and expressly declared to be amendatory. There are several others, relating to the construction of the building or the board of commissioners, which are virtually amendatory, though they do not in words purport to be so. They will be found collated as above referred to. The only one deemed of sufficient present importance for insertion is the following:

An Act concerning the construction of the state capitol in the city of Sacramento.

[Approved March 29, 1860; 1871-2, 447.]

Board of commissioners, how constituted.

SECTION 1. The board of commissioners created by section one of an act entitled "An act to provide for the construction of the state capitol in the city of Sacramento," approved March twenty-ninth (29th), eighteen hundred and sixty (1860), is hereby declared to be constituted of the governor, of the secretary of state, and of the treasurer of state.

SEC. 2. All acts and parts of acts in conflict with the provisions of this act are hereby repealed, so far as they conflict with the provisions of this act.

SEC. 3. This act shall take effect immediately.

There have been several acts passed since the adoption of the codes in reference to the state capitol, which may be referred to as follows:

An act to provide additional grounds for the state-capitol building in the city of Sacramento, approved April 1, 1872; 1871-2, 887.

An act to authorize the city of Sacramento to raise and pay to the former owners of land sold to the state of California to enlarge the capitol grounds the balance of the purchase price of said lands, approved March 7, 1874; 1873-4, 308.

An act to abolish the office of architect of the state capitol building, approved March 26, 1874; 1873-4, 662.

An act to provide for the fitting up and use of the governor's mansion as a state printing-office and state armory, approved March 30, 1874; 1873-4, 903.

The act last named is given in the Political Code, sec. 537. The following act relates to the care of the capitol, etc.:

An Act authorizing the appointment of certain permanent employees of the state capitol, and fixing their compensation.

[Approved March 30, 1874; 1873-4, 937.]

Employees at state capitol.

SEAT OF GOVERNMENT.

The seat of government of the state of California is declared by the Political Code, sec. 145, to be at the city of Sacramento. The previous legislation in reference to the seat of government will be found collated in the "General Laws," secs. 6755 et seq., and "Supplement," secs. 9366 et seq. Of this previous legislation the Political Code, sec. 697, continued in force the following-named acts and acts amendatory thereof:

An act to provide for the construction of the state capitol in the city of Sacramento, approved March 29, 1860, 128. This act provided for the appointment of a board of state capitol commissioners, consisting of five members, to contract for and superintend the erection of the capitol building, and prescribed

their duties. It is the act under which the building has been erected. As its provisions have been almost entirely executed, a simple reference to it is deemed sufficient.

The acts amendatory of the above-mentioned act consist of one approved May 20, 1861, 600 (relating to a contract for the building of the capitol made with M. Fennell), and expressly declared to be amendatory. There are several others, relating to the construction of the building or the board of commissioners, which are virtually amendatory, though they do not in words purport to be so. They will be found collated as above referred to. The only one deemed of sufficient present importance for insertion is the following:

An Act concerning the construction of the state capitol in the city of Sacramento.

[Approved March 29, 1870; 1871-2, 447.]

Board of commissioners, how constituted.

SECTION 1. SEC. 2. All acts and parts of acts in conflict with the provisions of this act are hereby repealed, so far as they conflict with the provisions of this act.

SEC. 3. This act shall take effect immediately.

There have been several acts passed since the adoption of the codes in reference to the state capitol, which may be referred to as follows:

An act to provide additional grounds for the state capitol building in the city of Sacramento, approved April 1, 1872; 1871-2, 887.

An act to authorize the city of Sacramento to raise and pay to the former owners of land sold to the state of California to enlarge the capitol grounds the balance of the purchase price of said lands, approved March 7, 1874; 1873-4, 309.

An act to abolish the office of architect of the state capitol building, approved March 28, 1874; 1873-4, 662.

An act to provide for the fitting up and use of the governor's mansion as a state printing-office and state armory, approved March 30, 1874; 1873-4, 903.

The act last named is given in the Political Code, sec. 537. The following act relates to the care of the capitol, etc.:

[Approved March 30, 1874; 1873-4, 937.]

SQUIRRELS AND GOPHERS.

There are in force in a few of the counties special and local acts designed for the destruction of squirrels and gophers. It is deemed proper to refer to the legislation on the subject and designate the laws in force and the counties in which applicable, as follows:

Yolo county.—An act to encourage the destruction of squirrels and gophers in certain counties of this state, and to provide for a bounty for the same, approved March 16, 1870; 1869-70, 316. This act provided for the levy of a tax and the payment of a bounty of five cents for every squirrel and ten cents for every gopher destroyed in the counties of Alameda, Contra Costa, Fresno, Stanislaus, Merced, San Joaquin, and Yolo.

The act was amended March 21, 1872, 1871-2, 474, and March 23, 1872, 1871-2, 532, so as to leave out the county of Fresno.

It was repealed so far as it related to the county of Alameda, by act of January 11, 1872; 1871-2, 18.

Section 2 of the above-mentioned act of March 16, 1870 (providing for the payment of bounties), was repealed as to Contra Costa county by act of April 1, 1872; 1871-2, 834.

It was superseded as to Stanislaus and San Joaquin counties by act of March 7, 1876; 1875-6, 143.

It was repealed as to Stanislaus county, by act of March 28, 1876; 1875-6, 513.

An act to encourage the destruction of squirrels, gophers, and other wild animals in the counties of Santa Clara and Monterey, and create a bounty therefor, approved March 26, 1870; 1869-70, 404. This act was much like the above-mentioned act of March 16, 1870, and applied only to the counties of Santa Clara and Monterey.

It was repealed so far as it related to the counties of Santa Clara, Monterey, and San Joaquin (the last-named of which it does not appear to have applied to), by act of March 11, 1874; 1873-4, 337.

It was again repealed as to Monterey county by act of March 20, 1874; 1873-4, 515.

It is therefore entirely repealed.

Napa county.—An act to encourage the destruction of squirrels, gophers, and other wild animals in the counties of Los Angeles, Napa, Merced, San Bernardino, and Santa Cruz, approved February 13, 1872; 1871-2, 92. This act resembled the above referred to act of March 26, 1870, and applied to the counties named in the title. It is presumed to have superseded the before-mentioned act of March 16, 1870, so far as the county of Merced is concerned.

It was repealed in whole April 16, 1880; 1880, 105.

It was repealed so far as it related to Los Angeles county by act of January 23, 1874; 1873-4, 34.

It was repealed as to Santa Cruz county by act of February 18, 1874; 1873-4, 129.

It was repealed as to San Bernardino county by act of March 26, 1874; 1873-4, 691.

It was superseded as to Merced county by act of March 7, 1876; 1875-6, 143.

It was repealed as to Napa county March 27, 1878; 1877-8, 569.

Alameda and Contra Costa counties.—An act to encourage the destruction of squirrels and gophers, approved March 20, 1872; 1871-2, 432. This act provided for the formation of bounty districts for the destruction of squirrels and gophers, and empowered the board of supervisors to fix bounties and levy district taxes for the payment thereof. It applied only to the county of Alameda, and seems to have been superseded by the following act:

An act to abate the squirrel nuisance in certain counties of the state of California, approved March 10, 1874; 1873-4, 321. This act applies only to the counties of Alameda and Contra Costa. It authorizes the board of supervisors to create squirrel-inspection districts and appoint inspectors, and provides for the poisoning of squirrels by owners of lands, and in case of their neglect, by the inspectors.

An act to amend the foregoing act of March 10, 1874, approved March 18, 1876; 1875-6, 338. This act amends sections 3, 7, 9 and 11, and repeals section 13 of the foregoing act, and took effect from passage.

Fresno, Kern, Merced, Monterey, San Benito, San Joaquin, San Luis Obispo, San Mateo, Santa Clara, Santa Cruz, Stanislaus, and Tulare counties.—An act to abate the squirrel nuisance in Stanislaus, Santa Cruz, San Joaquin, Merced, Fresno, San Benito, Tulare, San Mateo, Santa Clara, Monterey, and Kern counties, state of California, approved March 7, 1876; 1875-6, 143. This act requires owners of land within three miles of any cultivated field to keep his land clear of squirrels, and in case of neglect provides that the expenses and costs of doing so by the inspectors shall be a lien on such land. It provides for the creation of districts, appointment of inspectors, etc., and their duties, etc.

An act to make applicable a certain act to San Luis Obispo county, approved March 31, 1876; 1875-6, 637. This act made the above-mentioned act of March 7, 1876, applicable to San Luis Obispo county.

The following special and local acts were passed in 1878 and 1880: An act to provide for the extermination of squirrels in the county of San Mateo, approved March 9, 1878; 1877-8, 218.

An act to authorize the board of supervisors of Lake county to levy and collect a special tax for the extermination of squirrels in said county, approved March 23, 1878; 1877-8, 441.

An act to encourage the destruction of squir-

rels, gophers, and other wild animals in the counties of Los Angeles, Napa, Merced, San Bernardino, and Santa Cruz, approved February 13, 1872, 1871-2, 92, was repealed as to Napa county by act of March 27, 1878, 1877-8, 569, and repealed in whole by act of April 16, 1880; 1880, 105 (Ban. ed. 344).

An act to encourage the destruction of squirrels and gophers in the county of San Joaquin, and to provide for a bounty for the same, approved March 30, 1878, 1877-8, 773, was re-

pealed by act of April 16, 1880; 1880, 120 (Ban. ed. 385).

An act to provide for the extermination of squirrels in certain counties (Los Angeles, Stanislaus, and Santa Barbara), approved March 30, 1878, 1877-8, 787, was repealed by act of March 6, 1880; 1880, 7 (Ban. ed. 14).

An act to provide for the extermination of squirrels in the county of Contra Costa, approved March 30, 1878; 1877-8, 815.

vate property, seems to have continued in force the following acts concerning stallions:

TAXES.

The state revenue laws up to 1865 were carefully collated in the General Laws, sec. 6148 et seq., and these several acts passed between 1864 and 1871 given in the Supplement, sec. 9255 et seq. Since then various acts have been passed, which are important as affecting vested rights; and it is deemed proper to refer to them in this place. There have also been passed, since the adoption of the Political Code, which embraces the present general revenue laws of the state, a number of revenue statutes, some of a general nature, others relating to revenue in special counties. These, with the exception of such as have been inserted in the Political Code, are

given below under the respective subheads of: 1. Revenue statutes of a general nature; 2. Revenue validating statutes; 3. Statutes relating to revenue in special counties. The acts first above mentioned as affecting the old revenue legislation may be referred to as follows:

An act to amend an act entitled "An act," etc. [amending section 82 of the revenue act of May 17, 1861, relating to licenses of peddlers], approved March 8, 1872; 1871-2, 295.

An act to amend an act entitled "An act," etc. [amending section 45 of the revenue act of May 17, 1861, relating to tax sales and deeds], approved March 16, 1872; 1871-2, 399.

1. Revenue Statutes of a General Nature.

An Act levying a tax for state purposes for the twenty-fourth and twenty-fifth fiscal years, and to provide for the enforcement thereof.

[Approved March 28, 1874; 1873-4, 746.]

State tax.

SECTION 1. There is hereby levied for state purposes, for the twenty-fourth fiscal year, a tax of fifty cents upon each one hundred dollars of property subject to taxation for that year within this state.

Sec. 2. There is hereby levied for state purposes, for the twenty-fifth fiscal year(s), a tax of fifty cents upon each one hundred dollars of property subject to taxation for that year within this state.

Force and effect.

Sec. 3. The levies of taxes in the preceding sections mentioned shall have the same force and effect as if they had been levied by a statute passed and in force before the commencement of each of said fiscal years.

Assessments validated.

Sec. 4. The assessment-books of the various counties of the state for each of said years, as delivered by the clerks of the board of supervisors to the auditors, are hereby validated in every respect, and no action whatever of any board of supervisors, or of equalization, had upon or in relation to anything thereon since said books were so delivered (except the acts of the various boards of supervisors in levying taxes for county purposes), shall be of any force or effect.

Collectors.

Sec. 5. Each tax collector in this state must, within twenty days after the passage of this act, make with the auditor of his county a final settlement in relation to his collections for the present fiscal year, and must at the same time return his delinquent list to the auditor.

Payments.

Sec. 6. Every voluntary payment heretofore made, upon any assessment, for either of said fiscal years, shall have the same force and effect as if made since the passage of this act, and the word "paid," marked upon the "assessment-book," or any "delinquent list," for either of said years, shall be prima facie evidence that the taxes by this act levied have been paid upon the property against which said word is marked.

Duplicate assessment-book.

Sec. 7. Within forty days after the passage of this act the auditor of each county in this state must make a "duplicate assessment-book" for each of said fiscal years; which duplicate must be a copy of the assessment-book for the year, as he received it from the clerk of the board of supervisors, except that he must not enter thereon any assessments, or taxes, marked on the assessment-book "paid." On said duplicate he must add up the valuations, and enter the total valuation of the property. He must then enter, in a separate money column, in the duplicate assessment-book, the respective sums, in dollars and cents (rejecting the fractions of a cent), to be paid as a state tax on each piece of property, at the rate of fifty cents on each one hundred dollars of its value, as fixed in said book, and must then foot up the column, showing the total amount of such taxes.

Delivery, etc.

Sec. 8. Within forty-five days after the passage of this act, the auditor of each county must deliver both of said "duplicate assessment-books" to the tax collector of this county, with a certificate attached that each is correctly made, and must take the collector's receipt therefor, and must charge the tax collector with the full amounts of the taxes thereon, and forthwith transmit, by mail, to the controller, a statement of the amount so charged.

Delinquent notice.

Sec. 9. Within ten days after the receipt of said books the tax collector must publish a notice that the taxes entered on said books will become delinquent on

the first Monday in July, eighteen hundred and seventy-four, and that unless paid prior thereto, twenty-five per cent will be added to the amount thereof.

Code.

SEC. 10. Sections three thousand seven hundred and forty-nine, three thousand seven hundred and fifty, three thousand seven hundred and fifty-one, three thousand seven hundred and fifty-two, three thousand seven hundred and fifty-three, three thousand seven hundred and fifty-four, and three thousand seven hundred and fifty-five of the Political Code are hereby made applicable to proceedings under this act.

Comparison, etc.

SEC. 11. On the second Monday in July, eighteen hundred and seventy-four, the tax collector of each county must attend at the office of the auditor, with both of said duplicates, and carefully compare them with the assessment-books, and every item marked "paid" on the duplicate must be marked "state tax paid" opposite the assessment on the original.

Delinquent list.

SEC. 12. The tax collector must at the same time deliver to the auditor, certified as correct, a complete "delinquent list" for each of said fiscal years. The lists must be as prescribed in section thirty-seven hundred and sixty of the Political Code, and such proceedings must be had as are required by section thirty-seven hundred and sixty-one of said code.

SEC. 13. The auditor must at once transmit said delinquent list to the controller of state.

Enforced collection.

SEC. 14. The controller, in the name of the people of the state of California, must at once enforce the collection of the taxes delinquent, the twenty-five per cent added, and the interest, in his discretion, either by civil actions, as such actions are prosecuted upon express contracts for the direct payment of money made and payable in this state, or by actions to enforce the lien of the assessment, as mortgage liens are enforced; and, except as otherwise expressly provided in this act, the Code of Civil Procedure is hereby made applicable to such actions.

Evidence.

SEC. 15. In every such action the delinquent list, or a copy thereof, certified by the controller, shall be prima facie evidence of the validity of the assessment, that the amount thereon stated is due, and of every fact necessary to maintain the action.

Moneys.

SEC. 16. Whenever any money is collected in any such action, it shall be paid into court, and of the amount of the taxes and percentage ten per cent shall be paid to the attorney employed by the controller to prosecute the action, and the balance, with the interest, shall be paid to the tax collector of the proper county. The costs shall be paid to the officers who rendered the services for which such costs were taxed.

Receipts.

SEC. 17. Whenever the clerk pays over to a tax collector any moneys so collected, he must take a receipt therefor in duplicate, file one in the papers relating to the case, and transmit the other to the auditor of the county of which the collector to whom the money was paid is an officer; and the auditor must

require the collector, at his next monthly settlement, to pay said money in to the county treasurer.

Code.

SEC. 18. Section four, thirty-seven hundred and eighty-nine, thirty-eight hundred and three, thirty-eight hundred and eighty-five, and thirty-eight hundred and eighty-eight of the Political Code, are made applicable to the construction of this act, and to proceedings had under it.

Limitation.

SEC. 19. There shall be no limitation as to the time in which actions under this act may be commenced.

Compensation.

SEC. 20. The auditors of the respective counties shall receive, to their own use, for services performed under this act, a reasonable compensation, to be audited and allowed by the board of examiners, and paid out of the state treasury.

Fees.

SEC. 21. The state shall not be responsible to or pay any county officer, except auditor, for any services performed under this act; but the fees for such services shall be taxed with the other costs in the action, and shall, when collected, be paid to the officers for their own use.

SEC. 22. This act shall be in force from and after its passage.

An Act in relation to taxation of solvent debts other than those secured by mortgages or other liens.

[Approved March 28, 1874; 1873-4, 753.]

The supreme court, at the January term, 1876, in the case of *People v. Hibernia Savings and Loan Society*, 51 Cal. 243, having declared the tax on solvent debts unconstitutional, the above act was repealed by act approved April 3, 1876; Amendments 1875-6, 59; took effect from passage.

SECTION 1. In all cases when actions have been brought in the name of the state to recover taxes, under the provisions of an act entitled "An act levying state taxes for the twenty-fourth and twenty-fifth fiscal years, and to provide for the enforcement thereof," approved March twenty-eighth, eighteen hundred and seventy-four, and the amount of tax sued for is ten dollars or less, the defendant or defendants in each of said actions respectively shall be permitted to settle the same on the payment of the amount sued for, without costs; and upon the payment into court of the said amount, the defendant or defendants shall be entitled to have the action dismissed. No charge or cost of any kind shall be required of such defendant or defendants, by the clerk or any other person, either before or after such payment into court, any law to the contrary notwithstanding.

SEC. 2. This act shall take effect immediately.

[Approved April 1, 1876; 1875-6, 687.]

SECTION 1. In all cases where real estate has been sold for delinquent taxes for the year eighteen hundred and seventy-four, eighteen hundred and seventy-

five, and of which the state has become the purchaser, the person whose real estate was thus sold, or his successor in interest, shall, within one year after the passage of this act, have the right to redeem such real estate by paying to the county treasurer of the county wherein the real estate is situated the amount of taxes due thereon, as also all taxes which were a lien on such real estate at the time such real property became delinquent, together with all costs and expenses which may have accrued by reason of such delinquency, as also the costs and expenses of such redemption; and upon such payment being made, the county treasurer shall, in the name of the people of the state of California, execute a conveyance, conveying to such delinquent, or his successor in interest, all the right, title, and interest of the state in and to such real estate which the state holds by reason of such sales for taxes; and in all such cases, if separate parcels of lands belonging to different owners, or in case where the property belonged to persons deceased, his or their executors or administrators have been assessed and sold together, said treasurer shall, upon the request of any such owner, executor, or administrator, segregate the tax, costs, and expenses, and apportion its proportion thereof upon any separate parcel of such land, and upon payment by such owner, executor, or administrator, of the amount so apportioned, such parcel shall be conveyed to him; provided, that nothing contained herein shall apply to lands formerly owned by the state and by it sold, but for which payment in full shall not have been made at the time of such delinquency.

Sec. 2. This act shall be in force from and after its passage.

An Act granting relief to tax-payers whose lands have been sold to the state.

[Approved April 1, 1878; 1877-8, 951.]

Redemption of land sold for taxes.

SECTION 1. In all cases where real estate has been sold for delinquent taxes, and the state has become the purchaser, and has not disposed of the same, the person whose estate has been sold, or his heirs, executors, administrators, or other successors in interest, shall, within one year after the passage of this act, have the right to redeem such real estate by paying to the county treasurer of the county wherein the real estate is situated the amount of taxes due thereon at the time of such sale, with interest thereon at the rate of one per cent a month, and also all taxes that were a lien upon said real estate at the time said taxes became delinquent, and also for each year since the sale, for which taxes on said land have not been paid, an amount equal to the percentage of state and county tax for that year, upon the value of the said real estate as assessed for the year of the sale, with interest from the first day of January of each of said years, respectively, at the same rate; and also all costs and expenses, and fifty per cent penalty, which may have accrued by reason of such delinquency and sale, and the costs and expenses of such redemption, as hereinafter specified. The county auditor shall, on the application of the person desiring to redeem, make an estimate of the amount to be paid, and shall give him triplicate certificates of the amount, specifying the several amounts thereof, which certificates shall be delivered to the county treasurer, together with the money; and the county treasurer shall give triplicate receipts, written or indorsed upon said certificates, to the redemptioner, who shall deliver one of said receipts and certificates to the state controller, and one to the county auditor, taking their receipts therefor. The county treasurer shall settle for the moneys received as for other state and county moneys. The county auditor shall be paid by the redemptioner, for making out said estimates, the sum of two dollars. Upon

the payment of the money specified in said certificates, and the giving of the receipts aforesaid, by the treasurer, controller, and auditor, any deed that may have been made to the state shall become null and void, and all right, title, and interest acquired by the state under or by virtue of the tax sale shall cease and determine. The receipts of the county treasurer, controller, and county auditor may be recorded in the recorder's office of the county in which said real estate is situated, in the book of deeds, and the record thereof shall have the same effect as that of a deed of conveyance. UNIVERSITY OF CALIFORNIA.

The Political Code, secs. 1385 et seq., provides for the management of the University of California, and to a great extent, if not entirely, supersedes all the previous statutes in relation to it. But it is deemed important to refer in this place to the previous legislation, and give such statutes (not given in the codes) as have been passed since the codes. The old statutes were as follows:

An act to create and organize the University of California, approved March 23, 1868; 1867-8, 243; amended March 28, 1872; 1871-2, 655.

An act requiring the controller to transfer

certain funds to university fund, approved March 26, 1868; 1867-8, 357.

An act to authorize the regents of the University of California to establish a preparatory department, approved January 6, 1870; 1869-70, 4.

An act to provide military instruction in the University of California, and to authorize the governor to call into service the retired officers of university cadets in cases of war or insurrection, approved March 4, 1870; 1869-70, 119.

An act to define the time when certain reports (including that of regents) shall be made, approved March 18, 1870; 1869-70, 333.

An Act to provide for five competitive scholarships for the benefit of meritorious young men desirous of entering the state university.

[Approved April 1, 1870; 1869-70, 546.]

Competitive scholarship.

SECTION 1. The regents of the University of California are authorized to establish four competitive scholarships, each embracing the full term of four years in the university. One only of said scholarships shall be issued at the beginning of each university year, except to fill vacancies; provided, that the present and all future scholarships shall be subject to examination at the close of each university year, and if the student having the benefit of any scholarship shall not be found by his acquirements, industry, and conduct to deserve the continuance of the same, it shall be the duty of the president of the university to report the same to the regents, who shall declare the scholarship vacant, and the same shall thereafter be filled in the same manner as other scholarships are filled. The present scholarships shall be subject to this act, and the appointments herein provided for shall be made when vacancies occur; provided, that the number shall be reduced to four, as above provided. [*Amendment, approved March 7, 1872; 1871-2, 275; took effect from passage.*]

Qualifications of applicants.

SEC. 2. The competitive examination for scholarships shall be made by the faculty. The applicants for such examination shall be bona fide residents of

California, and shall have been chiefly educated in any of the schools of this state, and shall, at the time of application, satisfy the regents in respect to character and to the inability of the applicant to provide his own maintenance at the university.

Appropriation.

SEC. 3. Each scholarship shall be entitled to three hundred dollars per annum, to be appropriated out of the funds belonging to the university, and shall be applied, under the direction of the proper officer of the faculty, to the education and support of the scholar during his university course; provided, the regents may, upon the recommendation of the faculty, revoke any scholarship for improper conduct or violating of established rules, and shall have power to fill all vacancies which may occur in scholarships under competitive examination. [*Amendment, approved March 7, 1872; 1871-2, 275; took effect from passage.*]

An act for the endowment of the University of California, approved April 2, 1870; 1869-70, 668. This act appropriated so much of the moneys to be received from the sale of salt-marsh and tide lands in the bay of San Francisco as would yield an annual income of fifty thousand dollars. The moneys were to be converted into bonds and paid into a fund in the state treasury, to be known as the university fund. See act of December 22, 1873; 1873-4, 6.

An act to enable the regents of the University of California to renew and secure certain loans, and to mortgage and sell certain real estate, approved February 1, 1872; 1871-2, 48. This act provided for renewing the loan and mortgage on the Brayton block in Oakland, and for the sale of that block after the university should be removed from Oakland to Berkeley.

An Act to provide for the support of the University of California.

[Approved March 26, 1872; 1871-2, 554.]

Appropriation of not to exceed six thousand dollars per month, for two years.

SECTION 1. It shall be the duty of the secretary of the board of regents of the University of California, on the last day of each month, for the period of two years hereafter, to transmit to the controller of state a sworn statement of the receipts of the university from all sources of income, during the month ending on that day, and of the necessary expenses of the university during the same time; and if the expenses shall exceed the income, it shall be the duty of the controller to draw his warrant upon the treasurer of state in favor of said regents for the deficiency; provided, that such warrant shall not be for a sum that, with the amount of income received from other sources for the month, will together amount to more than six thousand dollars per month. The sums necessary to pay said warrants are hereby appropriated from any money in the treasury not otherwise appropriated, and the treasurer is directed to pay the same.

SEC. 2. This act shall take effect immediately.

There was also three hundred thousand dollars appropriated to the university for building purposes the same year, by act of April 1, 1872; 1871-2, 743.

An act to consolidate certain funds and to create therefrom a permanent endowment for the University of California, of which the interest only shall be used by the board of regents to meet current expenses, approved March 19, 1878; 1877-8, 337. This act is given in full, Pol. Code, sec. 1415.

An act to create a commission to examine and report the condition of certain funds, approved April 1, 1878; 1877-8, 928. This act appointed the controller, surveyor-general, attorney-general, and treasurer of state a com-

Such rules and regulations shall be circulated in printed form by the board among the vine-growers and fruit-dealers of the state, shall be published at least thirty days in two daily newspapers of general circulation in the state, not of the same city or county, and shall be posted in a conspicuous place at the county seat of each county affected by their provisions.

The Political Code, sec. 19, continued in force all acts creating or regulating boards of water commissioners and overseers in the several townships or counties of the state. The following is the law of widest application upon the subject. There are also a few statutes

applying to the separate counties, which will be referred to below. For the acts relative to water companies and to canal and ditch companies, see the Civil Code, the statutes following sections 548 and 552.

An Act creating a board of commissioners and the office of overseer in each township of the several counties of this state to regulate watercourses within their respective limits.

[*Amendment, approved February 21, 1861, 31.*]

The original section did not contain the names of San Luis Obispo, Tehama, Sonoma, and Santa Cruz counties; but with these exceptions it had the same names as the text, and also San Bernardino county.

It was amended previously by the act of February 19, 1857, 31, so as to read like the amendment in the text, with the exception that it did not contain the names of Tehama and Sonoma counties.
